Looking for more ways to save?

We've added a new feature just for you, called Deductible Credit. It can help you reduce your future out-of-pocket expenses. If you don't meet your per-person calendar-year network deductible, the Deductible Credit applies to next year's network deductible. See page 15 for details.

The Network Advantage

Quality Care at Significant Savings

Access to the right doctors can be the most important part of your health care.

Our network gives you:

- Access to an **extensive network** of doctors, X-ray and lab facilities, hospitals, and other ancillary providers.*
- **Quality care** at reduced costs because these providers have agreed to lower fees for covered expenses.
- **Lower premiums** — savings up to 35%-45% over the same plans without a network.

Please note: Covered expenses for nonemergency care received from a provider outside your network are:

- Subject to reasonable and customary charges;
- Reduced by 25%;
- Subject to an additional deductible amount equal to the per person, calendar-year deductible.

For Services of Non-Network Providers: Your actual out-of-pocket expenses for covered expenses may exceed the stated coinsurance percentage because actual provider charges may not be used to determine insurer and member payment obligations.

Sample savings with our network:

(Services provided July 2009)**

	Charges	Repriced Charges
Dr. Office Visit (illness)	\$ 160.08	\$ 72.04
Mammogram	\$ 93.00	\$ 41.21
MRI	\$2,650.00	\$ 733.71
Lab Work — Cholesterol, Glucose, Insulin Fasting	\$ 192.00	\$ 60.58

*UnitedHealthcare Choice Plus network, available in most areas. LabCorp is the preferred laboratory services provider for UnitedHealthcare networks. Network availability may vary by state, and a specific health-care provider's contract status can change at any time. Therefore, before you receive care, it is recommended that you verify with the health-care provider's office that they are still contracted with your chosen network.

**All these services received from network providers in ZIP Code 478---. Your actual savings may be more or less than this illustration and will vary by several factors.

Copay Plans

Convenient Doctor Office Copay Benefits

Designed for individuals and families, our copay plans are more like traditional employer plans with a copayment for routine health-care expenses. When you use a network doctor for an office visit, we pay 100% of history and exam fees after a \$35 copay with Copay SelectSM. Office visits outside your network are covered subject to the applicable deductible and your chosen coinsurance.

Adult and Child Preventive Care Included

After a 3-month waiting period, you pay \$35 for the doctor office visit with Copay SelectSM. X-rays and lab tests are covered after you pay your chosen coinsurance (0%, 20%, or 30%).

Prescription Drug* Card Benefits (Copay SelectSM Only)

- Tier 1 drugs — \$15 copay.
- Tier 2-4 drugs — combined \$200 deductible per person, per calendar year, then:
 - \$35 copay for Tier 2 drugs.
 - \$65 copay for Tier 3 drugs.
 - 25% coinsurance (you pay) for Tier 4 drugs.

Comprehensive Coverage for Inpatient and Outpatient Medical Expenses

(Copay SelectSM Only)

- You choose \$3 million or \$5 million lifetime maximum benefit per covered person.
- Covered inpatient and outpatient expenses are reimbursed after your chosen coinsurance and the deductible.

Copay SaverSM

The Copay SaverSM plan provides the convenience of copays for doctor office visits (limited to 2 visits per person, per calendar year) for a lower monthly premium.

*We have a preferred drug list, which changes periodically. Tier status for a prescription drug may be determined by accessing your prescription drug benefits via our Web site or by calling the telephone number on your identification card. The tier to which a prescription drug is assigned may change as detailed in your policy/certificate.

Who might benefit most from a copay plan?

- Anyone who prefers the convenience of copay benefits for routine health-care expenses.
- Families with young children who have regularly scheduled doctor office visits.
- Adults who want copay benefits for preventive care and prescription drugs.

Health Savings Account (HSA) Plans

HSA Plans Offer Quality Coverage, Savings

HSA Plans simply combine a lower-cost, high deductible health insurance plan and a tax-favored savings account.

Lower Premiums, Tax-Advantaged Savings, and an Attractive Interest Rate*

High deductible plans typically cost a lot less than many copay or traditional plans. This means lower premiums for you. You can then take the premium savings and place it into your health savings account.

- You get a tax deduction on the money you put in your HSA.
- Your dollars can grow tax-deferred.
- You spend the savings tax-free to help pay your deductible or for qualified medical care (including prescriptions, vision, or dental care).
- What you don't use in your account will continue to accumulate year after year. Then, if you ever need it for health-care expenses, the money will be there.
- With Golden Rule's HSA custodian, you'll also earn interest on your savings, beginning with the first dollar deposited.

Adult and Child Preventive Care Included

With our HSA plans, after a 3-month waiting period, you pay a \$35 copay (in-network) for the doctor office visit.

Bottom line — HSAs can help make health insurance more affordable.

*See HSA insert for important information.

Who might benefit most from a Health Savings Account plan?

- Persons interested in more control over how their health-care dollars are spent.
- Families interested in one calendar-year deductible per family.
- Those interested in trading low deductible health insurance for a higher deductible plan to save money on monthly premiums and taxes.

Optional Insurance Benefit: HSA Hospital Indemnity Rider

The optional HSA Hospital Indemnity Rider is designed to help protect against major hospitalization expenses during the early months of coverage while cash accumulates in your savings account.

The HSA Hospital Indemnity Rider provides a lump-sum cash benefit on the third day of hospital confinement. This money can be used to help pay your deductible or for any other purpose.

The cash benefit amount depends on your deductible amount and decreases over time (see table).

The optional rider pays once, regardless of the number of hospitalizations, and there are no benefits under this rider if the hospitalization would not have been covered by the medical coverage. In addition, you only pay the premium amount once.

Note: HSA Hospital Indemnity Rider is not available for plans with \$1,250 (single) or \$2,500 (family) deductibles.

The rider does not change, waive, or extend any part of the policy/certificate other than as set forth above. Please see the attached brochure for complete details regarding applicable exclusions and limitations.

High Deductible Plans

Lower Premiums

With high deductible plans, you're keeping more of your money and taking responsibility for covering minor or routine health-care expenses — if they come up. The higher the deductible, the lower your premiums.

Saver 80SM is our lowest premium plan. This plan provides coverage for hospital confinements, surgical procedures in or out of the hospital (but not in the doctor's office), and the more costly outpatient expenses, such as CAT scans and MRIs.

Simple to Use

Golden Rule's top-selling high deductible plan — Plan 100[®] — pays 100% of covered expenses once you meet your calendar-year deductible. Your benefits are not complicated with multiple copays or coinsurance.

Comprehensive Coverage

- You choose \$3 million or \$5 million lifetime maximum benefit per covered person.
- Plan 100[®] and Plan 80SM include preventive care and child immunizations with no waiting period.
- Add optional benefits to increase coverage (see Optional Benefits on page 12 for details).

Who might benefit most from a High Deductible Plan?

- Anyone willing to take responsibility for routine health-care expenses in exchange for lower premiums.
- Anyone seeking lower-cost protection from unexpected accidents and illnesses.
- Early retirees needing a bridge to Medicare.

Optional Enhanced Term Life Benefit and Accidental Death Benefit

Personalize Your Coverage

You've made the decision to help protect your family's health by seeking insurance; shouldn't you consider helping protect their financial future too?

Term life insurance may be an ideal benefit to make sure you provide for your loved ones' future.

Consider your current financial picture and ask, "Without a term life insurance benefit paid to my loved ones upon my death, would they be able to:

- Pay for funeral expenses?
- Pay the mortgage or other debts?
- Save for college or retire comfortably?"

Remember to select this option as you apply for health coverage.

Enhanced Term Life Benefit

You may choose an optional term life insurance benefit for you and/or a spouse who is also a covered person under the health plan. You and/or your spouse must be age 18 or older. The term life benefit expires when a covered person reaches age 65.

You select one of three benefit amounts. You may select different amounts for you and your spouse.

Benefit Amounts:	\$50,000	\$100,000	\$150,000
-------------------------	----------	-----------	-----------

Accidental Death Benefit

This benefit provides \$50,000 in coverage in the event of an accidental death for you and/or your spouse if your spouse is also a covered person under the health plan. You and/or your spouse must be age 18 or older. The accidental death benefit expires when a covered person reaches age 65. It may be purchased with or without the term life benefit.

Motorcyclists are not eligible for this benefit.

Optional Enhanced Supplemental Accidental Benefit

Higher deductibles don't have to be scary!

You may choose an optional Enhanced Supplemental Accident benefit to reduce your out-of-pocket expenses for unexpected injuries.

- Up-front coverage can pay your deductible.
- Select a benefit amount: \$500, \$1,000, \$2,500, \$5,000, or \$10,000, per accident, per covered person.
- Helps cover your deductible or other out-of-pocket expenses (before the health insurance starts paying covered expenses).
- Expenses must be eligible for payment under the health insurance and incurred within 90 days of an injury.
- Any benefit amount paid by the Enhanced Supplemental Accident benefit will be credited to the network deductible and coinsurance of the health insurance.

Provisions That Apply to All Plans

This brochure is only a general outline of the coverage provisions. It is not an insurance contract, nor part of the insurance policy or certificate. You'll find complete coverage details in the policy and certificates. In most cases, coverage will be determined by the master policy issued in Illinois and subject to Illinois law.

Deductible Credit

It can help you reduce your future out-of-pocket expenses. If you don't meet your per-person calendar-year network deductible, the Deductible Credit applies to next year's network deductible.

Each qualified covered person* not meeting the plan's chosen network deductible** for:	Receives this credit for the next calendar year:
1 year	20% of chosen network deductible
2 consecutive years	40% of chosen network deductible
3 or more consecutive years	50% of chosen network deductible

With a Health Savings Account plan (HSA 100 and HSA 70), the deductible credit will never reduce the deductible below the minimum required by law to maintain tax-qualified status of the insurance plan. The minimum for 2010 is \$1,200 for singles and \$2,400 for families.

With the optional Continuity rider, deductible credit is only received when a covered person is "active."

Transplant Expense Benefit

The following types of transplants are eligible for coverage under the Medical Benefits provision:

Cornea transplants, artery or vein grafts, heart valve grafts, and prosthetic tissue replacement, including joint replacements and implantable prosthetic lenses, in connection with cataracts.

Transplants eligible for coverage under the Transplant Expense Benefit are:

Heart, lung, heart and lung, kidney, liver, and bone marrow transplants.

Golden Rule has arranged for certain hospitals around the country (referred to as our "Centers of Excellence") to perform specified transplant services. If you use one of our "Centers of Excellence," the specified transplant will be considered the same as any other illness and will include a transportation and lodging incentive (for a family member) of up to \$5,000. Otherwise, the acquisition cost for the organ or bone marrow will not be covered, and covered expenses related to the transplant will be limited to \$100,000 and one transplant in a 12-month period.

To qualify as a covered expense under the Transplant Expense Benefit, the covered person must be a good candidate, and the transplant must not be experimental or investigational. In considering these issues, we consult doctors with expertise in the type of transplant proposed.

The following conditions are eligible for bone marrow transplant coverage:

Allogenic bone marrow transplants (BMT) for treatment of: Hodgkin's lymphoma or non-Hodgkin's lymphoma, severe aplastic anemia, acute lymphocytic and nonlymphocytic leukemia, chronic myelogenous leukemia, severe combined immunodeficiency, Stage III or IV neuroblastoma, myelodysplastic syndrome, Wiskott-Aldrich syndrome, thalassemia major, multiple myeloma, Fanconi's anemia, malignant histiocytic disorders, and juvenile myelomonocytic leukemia.

Autologous bone marrow transplants (ABMT) for treatment of: Hodgkin's lymphoma, non-Hodgkin's lymphoma, acute lymphocytic and nonlymphocytic leukemia, multiple myeloma, testicular cancer, Stage III or IV neuroblastoma, pediatric Ewing's sarcoma and related primitive neuroectodermal tumors, Wilms' tumor, rhabdomyosarcoma, medulloblastoma, astrocytoma, and glioma.

Notification Requirements

You must notify us by phone on or before the day a covered person:

- Begins the fourth day of an inpatient hospitalization; or
- Is evaluated for an organ or tissue transplant.

Failure to comply with Notification Requirements will result in a 20% reduction in benefits, to a maximum of \$1,000.

If it is impossible for you to notify us due to emergency inpatient hospital admission, you must contact us as soon as reasonably possible.

Our receipt of notification does not guarantee either payment of benefits or the amount of benefits. Eligibility for and payment of benefits are subject to all terms and conditions of the policy. You may contact Golden Rule for further review if coverage for a health-care service is denied, reduced, or terminated.

Preexisting Conditions

Preexisting conditions will not be covered during the first 12 months after an individual becomes a covered person. This exclusion will not apply to conditions that are both: (a) fully disclosed to Golden Rule in the individual's application; and (b) not excluded or limited by our underwriters.

A preexisting condition is an injury or illness: (a) for which a covered person received medical advice or treatment within 24 months prior to the applicable **effective date** for coverage of the illness or injury; or (b) which manifested symptoms which would cause an ordinarily prudent person to seek diagnosis or treatment within 12 months prior to the applicable **effective date** for coverage of the illness or injury.

*Must be a covered person and in active status for six consecutive months.

**For family HSA plans, when combined per family deductible is not met.

Provisions That Apply to All Plans (continued)

Limited Exclusion for AIDS or HIV-Related Disease

AIDS or HIV-related disease are treated the same as any other illness unless the onset of AIDS or HIV-related disease is: (a) diagnosed before the coverage has been in force for one year; or (b) first manifested before the coverage has been in force for one year. If diagnosed or first manifested before coverage has been in force for one year, AIDS or HIV-related disease claims will never be covered. Details of this limited exclusion are set forth in the policy and certificates.

General Exclusions

No benefits are payable for expenses which:

- Are for alternative treatments, except as specifically identified as covered expenses under the policy/certificate, including: acupressure, acupuncture, aromatherapy, hypnotism, massage therapy, rolfing, and other forms of alternative treatment as defined by the Office of Alternative Medicine of the National Institutes of Health.

Benefits will not be paid for services or supplies that are not medically necessary to the diagnosis or treatment of an illness or injury, as defined in the policy.

General Limitations

- Expenses incurred by a covered person for treatment of tonsils, adenoids, middle ear disorders, hemorrhoids, hernia, or any disorders of the reproductive organs are not covered during the covered person's first six months of coverage under the policy. This provision will not apply if treatment is provided on an "emergency" basis. "Emergency" means a medical condition manifesting itself by acute signs or symptoms that could reasonably result in placing a person's life or limb in danger if medical attention is not provided within 24 hours.

- Covered expenses are limited to no more than a 34-day supply for any one outpatient prescription drug order or refill.

Effective Date

For **injuries**, the effective date for a mailed application will be the later of: (a) the requested effective date, if any, shown on the application; or (b) the date upon which the original application is actually received by Golden Rule.

For an application sent by any electronic method including fax, the effective date for injuries will be the later of: (a) the requested effective date, if any, shown on the application; or (b) the day after the date upon which the application is actually received by Golden Rule.

The effective date for **illnesses** will be the same as for injuries if you are replacing prior coverage within 62 days of application for this coverage and disclose replacement information on the initial application for insurance. If replacement information is not disclosed on the initial application for insurance, the effective date for illnesses will be the 15th day after the effective date for injuries. Illnesses that begin prior to that 15th day will be treated as preexisting conditions and will not be covered until the individual has been a covered person for 12 months.

Premium

We may adjust the premium rates from time to time. Premium rates are set by class, and you will not be singled out for a premium change regardless of your health. The policy plan, age and sex of covered persons, type and level of benefits, time the certificate has been in force, and your place of residence are factors that may be used in setting rate classes. Premiums will increase the longer you are insured.

Home Health Care

To qualify for benefits, home health care must be provided through a licensed home health-care agency.

Covered expenses for home health aide services are limited to seven visits per week and a lifetime maximum of 365 visits. Registered nurse services are limited to a lifetime maximum of 1,000 hours.

Hospice Care

To qualify for benefits, a Hospice Care program for a terminally ill covered person must be licensed by the state in which it operates. Benefits for inpatient care in a hospice are limited to 180 days in a covered person's lifetime. Covered expenses for room and board are limited to the most common semiprivate room rate of the hospital or nursing home with which the hospice is associated.

Dependents

For purposes of this coverage, eligible dependents are your lawful spouse and eligible children. Eligible children must be unmarried and under 25 years of age at time of application.

Termination of a Covered Person

A covered person's coverage will terminate on the date that person no longer meets the eligibility requirements or if the covered person commits fraud or intentional misrepresentation.

Continued Eligibility Requirements

A covered person's eligibility will cease on the earlier of the date a covered person:

- Ceases to be a dependent; or
- Becomes insured under an individual plan providing medical or hospital, surgical, or medical services or benefits. (This does not apply to stand-alone cancer, ICU, or accident-only policies.)

Renewability

Provisions That Apply to All Plans (continued)

Underwriting

Coverage will not be issued as a supplement to other health plans that you may have at the time of application. Plans are subject to health underwriting. If you provide incorrect or incomplete information on your insurance application your coverage may be voided or claims denied.

Conditions Prior to Legal Action

To help resolve disputes before litigation, the policy requires that you provide us with written notice of intent to sue as a condition prior to legal action. This notice must identify the source of the disagreement, including all relevant facts and information supporting your position. Unless prohibited by law, any action for extra-contractual or punitive damages is waived if the contract claims at issue are paid or the disagreement is resolved or corrected within 30 days of the written notice.

Group — COB

If, after coverage is issued, a covered person becomes insured under a group plan, benefits will be determined under the Coordination of Benefits (COB) clause. COB allows two or more plans to work together so that the total amount of all benefits will never be more than 100% of covered expenses. COB also takes into account medical coverage under auto insurance contracts.

Medicare — Carve-Out

Covered persons who reach the age of Medicare eligibility and obtain Medicare coverage may continue coverage under these plans. Benefits will be provided according to the Medicare Carve-Out Benefit Reduction provision. Basically, “carve-out” pays the difference between what Golden Rule benefits normally would pay and what is paid by Medicare.
