WELCOME TO INDIVIDUAL SOLUTIONS!

The Individual Solutions Preferred Provider Organization (PPO) provides high level coverage options through providers who are part of the SummaCare Provider Network. The plan also offers the flexibility of accessing care from providers who are outside of this network.

HOW THE PLAN WORKS

When you enroll in Individual Solutions, you will be given a list of providers who are part of our Preferred Provider Network. To guarantee the maximum payment level of your plan, select providers who are participating in this network. If you choose a non-network provider, your level of coverage will be lower than had you accessed your care through one of our preferred providers; however, this level of coverage is still comprehensive enough to keep your out-of-pocket costs to a minimum.

PROCEDURES REQUIRING PRIOR AUTHORIZATION

Prior authorization must be obtained for certain healthcare services to establish benefit coverage and medical necessity. You or your physician must notify the Health Services Management department 48 hours in advance of obtaining the specific healthcare service by calling 1-888-996-8710. The Health Services Management department receives prior authorization calls from preferred providers, non-preferred providers and Policy Holders and their eligible dependents.

However, it is the Policy Holder's or their eligible dependent's responsibility to obtain prior authorization for services performed by non-preferred providers.

Please refer to your Policy document for a listing of services that require prior authorization.

WARNING: If you or your family members are covered by more than one health care plan, you may not be able to collect benefits from both plans.
