¹ When plans have Aggregate deductibles and out-of-pockets, all medical and pharmacy benefits of the family members covered under the plan accumulate to a collective family deductible and a family out-of-pocket maximum. The entire family deductible must be satisfied before coinsurance benefits are payable for a member on the plan.

² When plans have Embedded deductibles and out-of-pockets, all members medical and pharmacy benefits accumulate to the single and family deductible. However, any individual family member will receive coinsurance benefits once they have satisfied the single deductible, if the family deductible has not previously been satisfied. The remaining family members will receive coinsurance benefits once the family deductible has been met.

Health Savings Account option

The Health Savings Account (HSA) is a tax-exempt bank account. Employees use the account to pay deductibles, coinsurance, and qualified health care expenses, as well as save for post-retirement expenses. If employees don't use the money in their account, it's theirs to keep!

Our banking partner, UMB Bank, makes it easy to set up HSA accounts for you and your employees. However, you can use UMB Bank or the bank of your choice.

- › Funds contributed are pretax dollars (this applies to federal tax and most state taxes)
- › Funds roll over from year to year
- › Funds earn interest and grow tax-free
- › Employees own the accounts, so they stay with them regardless of employment
- › HumanaAccess VisaSM card gives employees an easy way to use HSA funds*
- › Funds can be used to pay for qualified health care expenses, such as medical, dental, vision, prescription drugs, and over-the-counter medications

* Available only to groups using UMB Bank
