* The dollar amount copayments indicate what the member is required to pay and the percentage copayments indicate what Aetna is required to pay.

** A member may at anytime seek health care from Participating Providers without first contacting his or her Primary Care Physician. When a member chooses not to use his or her Primary Care Physician, the member is entitled to receive benefits for covered services and supplies. A member will be subject to the Primary Care Physician (PCP) cost-share when a member obtains covered benefits from any participating Primary Care Physician. A member will be subject to the Specialist cost-share when a member obtains covered benefits from any participating Specialist.

PLAN DESIGN AND BENEFITS - NJ HMO HSA COMPATIBLE NO-REFERRAL PLAN 2 (\$15/\$35/\$60 RX)

What's Not Covered

This plan does not cover all health care expenses and includes exclusions and limitations. Members should refer to their plan documents to determine which health care services are covered and to what extent. The following is a partial list of services and supplies that are *generally not covered*.

- All medical and hospital services not specifically covered in, or which are limited or excluded by your plan documents, including costs of services before coverage begins and after coverage terminates.
- Cosmetic surgery.
- Custodial care.
- Dental care and dental x-rays, except as otherwise stated in the contract.
- Donor egg retrieval.
- Experimental and investigational procedures, (except for coverage for medically necessary routine patient care costs for Members participating in a cancer clinical trial).
- Eye surgery, such as, radial keratotomy or lasik surgery, when the primary purpose is to correct myopia (nearsightedness), hyperopia (farsightedness) or astigmatism (blurring).
- Hearing aids.
- Immunizations for travel or work.
- Services or supplies furnished in connection with any procedures to enhance fertility which involve harvesting, storage and/or manipulation of eggs and sperm. This includes, but is not limited to the following: a) procedures: in vitro fertilization; embryo transfer; embryo freezing; and Gamete intra-fallopian Transfer (GIFT) and Zygote Intrafallopian Transfer (ZIFT), donor sperm, surrogate motherhood; and b) prescription drugs not eligible under the prescription drugs section of the contract.
- Non-medically necessary services or supplies.
- Orthotics.
- Reversal of sterilization.
- Services for the treatment of sexual dysfunction or inadequacies including therapy, supplies or counseling.

Pre-Existing Condition Limitations:

The following provisions only apply to small employers of at least two but not more than five eligible employees. These provisions also apply to "late enrollees" for any small employer. However, this provision does not apply to late enrollees if 10 or more late enrollees request enrollment during any 30 day enrollment period. The "Pre-Existing Conditions" provision does not apply to a dependent who is an adopted child or who is a child placed for adoption or to a newborn child if the employee enrolls the dependent and agrees to make the required payments within 30 days after the dependent's eligibility date.

A Pre-Existing Condition is an illness or injury which manifests itself in the six months before a member's enrollment date, and for which medical advice, diagnosis, care, or treatment was recommended or received during the six months immediately preceding the enrollment date.

We do not pay benefits for charges for Pre-Existing Conditions for 180 days measured from the enrollment date. This 180 day period may be reduced by the length of time the member was covered under any creditable coverage if, without application of any waiting period, the creditable coverage was continuous to a date not more than 90 days prior to becoming a member. This limitation does not affect benefits for other unrelated conditions or pregnancy, or birth defects in a covered dependent child. Genetic information will not be treated as a Pre-Existing Condition in the absence of a diagnosis of the condition related to that information. Aetna waives this limitation for a member's Pre-Existing Condition if the condition was payable under creditable coverage which covered the member right before the member's coverage under the Aetna plan started.

If a new member was covered under creditable coverage prior to enrollment under the Aetna plan and the creditable coverage was continuous to a date not more than 90 days prior to the enrollment date under the Aetna plan, we will provide credit as follows. We give credit for the time the member was covered under the creditable coverage without regard to the specific benefits included in the creditable coverage. We will count a period of creditable coverage with respect to a category of benefits if any level of benefits is covered within that category. For all other benefits, we give credit for the time the member was covered under the creditable coverage without regard to the specific benefits included in the creditable coverage. We count the days the member was covered under creditable coverage, except that days that occur before any lapse in coverage of more than 90 days are not counted. We apply these days to reduce the duration of the Pre-Existing Condition limitation. The person must sign and complete his or her enrollment form within 30 days of the date the employee's active full-time service begins. Any condition arising between the date his or her coverage under the creditable coverage ends and the enrollment date is a Pre-Existing condition. We do not cover any charges actually incurred before the

PLAN DESIGN AND BENEFITS - NJ HMO HSA COMPATIBLE NO-REFERRAL PLAN 2 (\$15/\$35/\$60 RX)

person's coverage starts. If the small employer has included an eligibility waiting period, an employee must still meet it, before becoming covered.

In order to reduce or possibly eliminate the exclusion period based on creditable coverage, please provide Aetna with a copy of any Certificates of Creditable Coverage. Please contact Aetna Member Services at 1-800-70-AETNA if assistance is needed in obtaining a Certificate of Creditable Coverage from prior carriers or with any questions on the information noted above.

This material is for informational purposes only and is neither an offer of coverage nor medical advice. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. Aetna does not provide health care services and, therefore, cannot guarantee any results or outcomes. Consult the plan documents (i.e. Schedule of Benefits, Evidence of Coverage and/or Contract) to determine governing contractual provisions, including procedures, exclusions and limitations relating to the plan. The availability of a plan or program may vary by geographic service area. Some benefits are subject to limitations or visit maximums. Network physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change. Notice of the change shall be provided in accordance with applicable state law.

The pharmacy plan includes a drug formulary (preferred drug list). A formulary is a list of prescription drugs generally covered under the prescription drug benefits plan on a preferred basis subject to applicable limitations and conditions. The pharmacy benefit is generally not limited to the drugs listed on the formulary. The medications listed on the formulary are subject to change in accordance with applicable state law. For information regarding how medications are reviewed and selected for the formulary, formulary information, and information about other pharmacy programs such as pre-certification, please refer to Aetna's website at Aetna.com, or the Aetna Medication Formulary Guide. Many drugs, including many of those listed on the formulary, are subject to rebate arrangements between Aetna and the manufacturer of the drugs. Rebates received by Aetna from drug manufacturers are not reflected in the cost paid by a member for a prescription drug. In addition, in circumstances where the prescription plan utilizes copayments or coinsurance calculated on a percentage basis or a deductible, use of formulary drugs may not necessarily result in lower costs for the member. Members should consult with their treating physicians regarding questions about specific medications. Refer to plan documents or contact Member Services for information regarding the terms and limitations of coverage.

Aetna Rx Home Delivery refers to Aetna Rx Home Delivery, LLC, a subsidiary of Aetna Inc., that is a licensed pharmacy providing mail-order pharmacy services. Aetna's negotiated charge with Aetna Rx Home Delivery may be higher than Aetna Rx Home Delivery's cost of purchasing drugs and providing mail-order pharmacy services.

"Aetna" is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies. Plans are provided by Aetna Health Inc. While this material is believed to be accurate as of the print date, it is subject to change.
