**Section 1 - Schedule of Benefits
Peak Bronze HSA Plan
(Who Pays What)**

Plan Effective Date: January 1, 2020

This Schedule of Benefits does not explain all benefits in detail. For a complete explanation of Your benefits, You should read Your entire Policy.

THIS IS A NETWORK-ONLY PLAN

This plan uses an Exclusive Provider Organization (EPO) to provide benefits to You. That means this Plan does not provide benefits for services You receive from Non-Network Providers, unless:

- You have a medical emergency;
- You are treated by a Non-Network Provider when you are receiving care at a Network Facility; or
- We authorize services out-of-network because the Medically Necessary services that You need are not available from a Network Provider.

You can review our provider network online at www.brighthealthplan.com, or You can contact Bright Health Customer Service at (855) 827-4448.

Deductible

A Deductible is the amount that a Covered Person must pay before Bright Health pays any benefits for Covered Health Services. The Deductible amount does not include Coinsurance, Copayment, or non-covered charges. High Deductible Health Plans (HDHPs) have higher deductibles than most plans. Participation in a High Deductible Health Plan qualifies you to open and contribute money to a Health Savings Account (HSA), which is designated for medical expenses. These plans and savings accounts are regulated by the Internal Revenue Service and there are specific rules about how much money you are allowed to contribute to your HSA each year. For more information regarding HDHPs and/or HSAs, please visit www.irs.gov.

Copayment

A Copayment is a specific dollar amount that You must pay for certain Covered Health Services.

Coinsurance

A Coinsurance is a percentage of charges for Covered Health Services that must be paid by a Covered Person. Coinsurance amounts do not include Deductible, Copayment, or charges for non-covered services.

Maximum Out-of-Pocket

The Maximum Out-of-Pocket is the maximum dollar amount that a Covered Person may pay in combined Deductible, Copayment and Coinsurance amounts per Calendar Year. All Deductible, Copayment and Coinsurance payments for In-Network Covered Health Services will apply to the Maximum Out-of-Pocket amount. Once the Maximum Out-of-Pocket amount has been met for a Covered Person, the Covered Person will have no further obligation to pay Deductible, Copayment or Coinsurance amounts for Covered Health Services received from a participating Bright Health Provider for the remainder of the Calendar Year. Payments to Non-Network Providers for charges that exceed Usual and Customary reimbursement do not apply to the Maximum Out-of-Pocket.

For policies with two or more people, each person's Individual Out-of-Pocket maximum applies to the Family Maximum Out-of-Pocket. Once a Covered Person has met his or her Maximum Out-of-Pocket, covered In-Network services will be paid at 100% for that person. Once two (2) or more people's combined Out-of-Pocket expenses reach the Family Maximum Out-of-Pocket, covered In-Network services for the family will be paid at 100%.

Limitations/Exclusions

Some limitations and exclusions are listed in this Schedule of Benefits. Refer to Section 8 - Limitations/Exclusions (What is Not Covered) for a more comprehensive listing and description of services or items that are limited or not covered by the Plan.

Section 5 - Eligibility

We offer two types of Individual policies:

1. Individual Policies: these policies include coverage for at least one adult age 19 or older, and also includes coverage for eligible Dependents.
2. Individual Child-Only Policies: these policies include coverage for children under age 21, without a parent or legal guardian enrolling in the Plan.

Except as stated above, criteria for eligibility is the same for both types of plans. When an Eligible Individual is enrolled, We refer to that person as a Covered Person, You or Your.

Who is Eligible for Coverage

Eligible Subscribers

To be eligible to enroll as a Subscriber under this Plan, You must

- Reside in the Service Area (if You or an enrolled Dependent reside outside of the Service Area and incur health care services, You may be subject to higher Out-of-Pocket expenses);
- Not be enrolled in Medicare on Your effective date of coverage with Us. It is unlawful for Us to knowingly issue an individual market policy to You if You are enrolled in Medicare on Your effective date. If we have knowledge of Your enrollment in Medicare, we will not issue a Policy to You.

Eligible Dependents

The following persons may be eligible to enroll as Dependents under this plan:

- A Spouse as defined in the *Definitions section of this Policy*, except in the case of a child-only Policy.
- Your Child(ren) as defined in the *Definitions section of this Policy*.

When a Dependent is actually enrolled, We refer to that person as an Enrolled Dependent or Enrolled Child, as appropriate.

For a complete definition of Dependent, Child(ren), and Enrolled Dependent, see the *Definitions section of this Policy*.

When Coverage Begins

If you are a new enrollee with Bright Health and have paid your first month's premium, your coverage will begin on the date listed as the Effective Date on Your ID Card. No health services received prior to the Effective Date are covered.

Policies for new enrollees begin on the first of the month only.

If you are a new or renewing enrollee with Bright Health and You had coverage with Us in the past 12 months, Your premiums from the last 12 months must be paid in full before Your Policy will renew. If You have an outstanding premium balance, payment made for Your new or renewing Policy will be applied to Your outstanding premium amount owed to Us before being applied to Your new or renewing Policy. Premiums for the prior 12 months must be current, and the first month's premium for Your new or renewing Policy must be paid before Your policy becomes effective.

Enrolling Eligible Dependents

Dependents who have a Qualifying Life Event as defined by state and federal law may be enrolled during the special enrollment period as described below. The special enrollment period is a period in which enrollment is allowed before or after an individual becomes eligible for coverage due to any of the Qualifying Life Events listed below.

Dependents who are notified or become aware of the Qualifying Life Event may enroll during the sixty (60) calendar days before or after the effective date of the Qualifying Life Event, with coverage beginning no earlier than the day the Qualifying Life Event occurs. Qualifying Life Events include:

- An individual involuntarily loses existing creditable coverage for any reason other than fraud, misrepresentation, or failure to pay a premium;
- An individual gains a Dependent or becomes a Dependent through marriage, civil union, birth, adoption, or placement for adoption, placement for foster care, or by entering into a Designated Beneficiary agreement;
- An individual's enrollment or nonenrollment in a health benefit plan is unintentional, inadvertent, or erroneous and is the result of an error, misrepresentation, or inaction of the carrier, producer, or Exchange;
- An individual adequately demonstrates to the commissioner that the health benefit plan in which the individual is enrolled has substantially violated a material provision of its contract in relation to the individual;
- The Exchange determines an individual to be newly eligible or newly ineligible for the federal advance payment tax credit or cost-sharing reductions available through the Exchange pursuant to federal law;
- An individual gains access to other creditable coverage as a result of a permanent change of residence; or
- A parent or legal guardian dis-enrolling a Dependent, or a Dependent becoming ineligible for the Children's Basic Health Plan;
- An individual becoming ineligible under the Colorado Medical Assistance Act;
- An individual, who was not previously a citizen, a national, or a lawfully present individual, gains such status; or
- An Indian, as defined by section 4 of the Indian Health Care Improvement Act, may enroll in a qualified health plan or change from one qualified health plan to another one time per month.
- Any other event or circumstance occurs as set forth in rules from the Colorado Division of Insurance that defines triggering events.

If You become aware of a qualifying event that will occur in the future, You may apply for coverage during the sixty (60) calendar days prior to the effective date of the qualifying event.

If the Dependent had coverage with Us in the past 12 months, and has an outstanding premium amount, payment made for the Special Enrollment Period will be applied to the outstanding premium amount. Premiums for the prior coverage must be current, and the first month's premium for the Special Enrollment Period must be paid before the Dependent's Policy becomes effective.

A newborn dependent child is automatically covered for the first 31 days of life, including dependents of dependents. If you wish to continue enrollment of the newborn beyond the 31st day, the newborn must meet the definition of an eligible Child, and you must enroll the newborn within 60 days of the date of birth. If the addition of the newborn child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber is required to pay the full premium amount for the newborn after the initial 31 days of coverage.

Newly adopted children (including children newly placed for adoption), the effective date of coverage is the date of the adoption or placement for adoption. An eligible adopted child must be enrolled within 60 days from the date the child is placed in Your custody or the date of the final decree of adoption. If the addition of the newly adopted child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber is required to pay the full premium amount for the adopted child. The monthly premium for the newly adopted child is the entire month's premium. Adopted child premiums are not pro-rated.

For all other Dependents, if enrolled within 60 days of becoming eligible, the effective date of coverage will be the first day of the month following the date We receive the enrollment application and any written documentation that may be required to support the effective date of the qualifying event, and any required Premium. Proof of the qualifying event, i.e. a copy of the marriage certificate, Qualified Medical Support Order, etc. must be attached to the completed application.

Dependents who are not enrolled when newly eligible must wait until the next open enrollment period to enroll unless they enroll under the provisions described in the special enrollment period section described above.

If You Are Hospitalized When Your Coverage Begins

If You are inpatient in a Hospital, Skilled Nursing Facility, or Inpatient Rehabilitation Facility on the day Your coverage begins and You were insured through a carrier other than Bright Health on the date you were admitted, Your prior carrier is responsible for payment of Covered Health Services for the Inpatient Stay through the date of discharge. Bright Health will pay for related Covered Health Services in accordance with the terms of the Policy, following discharge from the hospitalization. We will work with You to ensure a seamless transition of previously approved therapies or prescription medications.

You should notify Us of Your Hospitalization within 24 hours of the day Your coverage begins, or as soon as it is reasonably possible. For Benefit plans that have a Network Benefit level, Network Coverage is available only if You receive Covered Health Services from Network Providers.

Section 6 - How to Access Your Services and Obtain Approval of Benefits

Covered Health Services

Benefits under this plan are limited to those Covered Health Services included in the *Benefits/Coverages (What is Covered)* section of this document. Benefits are reimbursable as set forth in the *Schedule of Benefits*. All Covered Health Services are subject to the limitations and exclusions contained in the *Limitations/Exclusions (What is Not Covered)* Section of this Policy.

THIS IS A NETWORK-ONLY PLAN

This plan uses an Exclusive Provider Organization (EPO) to provide benefits to You. That means this Plan does not provide benefits for services You receive from Non-Network Providers, unless:

- You have a medical emergency;
- You are treated by a Non-Network Provider when you are receiving care at a Network Facility; or
- We authorize services out-of-network because the Medically Necessary services that You need are not available from a Network Provider.

You can review Our provider network online at www.brighthouseplan.com, or You can contact the *Customer Service* Department at the telephone number listed in *Section 3* of this *Policy* and on Your ID card to obtain a copy of Our Provider Directory.

Choose Your Physician

It is Your responsibility to select the health care professionals who deliver care to You.

Your choice of Physicians and Hospitals may determine which services will be covered, as well as how much You will pay. Network Providers are listed on Our website at www.brighthouseplan.com or You can contact the *Customer Service* Department at the telephone number listed in *Section 3* of this *Policy* and on Your ID card to obtain a copy of Our Provider Directory.

Network Providers are subject to a credentialing process, in which either We or Our designees confirm public information about the Network Provider's licensure and other professional credentials. However, the credentialing process does not assure the quality of the Network Provider's services. The Network Providers are independent practitioners and facilities and are solely responsible for the care they deliver.

This plan allows You to:

- Choose Physicians and Hospitals for Your health care needs;
- Have direct access to eye care providers, mental health care providers, pediatricians, obstetrical or gynecological health care professionals. You do not need pre-authorization from the plan or from any other person (including a primary care provider) in order to obtain access to mental health, obstetrical, or gynecological care from a health care professional in Our network who specializes in those types of services. The health care professional, however, may be required to comply with certain provisions related to 1) obtaining Pre-authorization 2) following a pre-approved treatment plan, or 3) following procedures for making referrals to Network Providers. For a list of participating health care professionals who specialize in eye care, mental health, and obstetrics or gynecology, visit Our website at www.brighthouseplan.com or call Our Customer Service line at the number listed in *Section 3* of this *Policy* and on Your ID card. Take advantage of significant cost savings when You use doctors contracted with Us.

Services from Non-Network Providers are not covered except:

- Emergency Health Services;
- You are treated by a Non-Network Provider while you are receiving care at a Network facility;

- Or when We authorize Medically Necessary care to a Non-Network Provider because the care is not available from a Network Provider.

Non-Network Providers are not contracted with Us. If You access services from a Non-Network Provider for non-Emergency Health Services, and one of the situations listed above does not apply, You will be responsible for the entire amount that the Provider bills.

Provider Network

We arrange for health care providers to participate in a Network. Network Providers are independent practitioners. They are not Our employees. It is Your responsibility to select Your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services, You should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling *Customer Service*. A directory of providers is available online at www.brighthouseplan.com or You may obtain a copy by calling *Customer Service* at the telephone number listed in Section 3 of this Policy and on Your ID card.

It is possible that You will not be able to obtain services from a particular Network Provider. The network of providers is subject to change. You might find that a particular Network Provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to You, You must choose another Network Provider to get Network Benefits.

Our provider network includes a sufficient number of essential community providers (ECPs) within our geographic service area, where available, to ensure reasonable and timely access to a broad range of such providers for low-income individuals or individuals residing in health professional shortage areas. Our provider network complies with the Colorado network adequacy standards.

Transition of Care

Transition of Care allows you to continue to receive services for specified medical and behavioral conditions for a defined period of time with doctors, hospitals, and Providers who are Non-Network until the safe transfer of care to a Network Provider can be arranged.

You must apply for Transition of Care at enrollment, or change in your Health plan, but no later than 30 days after the effective date of your coverage.

Examples of acute medical conditions (and/or situations) that may require Transition of Care:

- Pregnancy, in the third trimester of care
- Solid organ transplants on a transplant list and anticipated to undergo transplant within 30 days
- Bone marrow transplants who are less than six months post transplant
- End-stage renal disease and dialysis
- Terminal illness with an anticipated life expectancy of six months or less

Examples of conditions that generally do not warrant Transition of Care:

- Routine exams, vaccinations, and health assessments
- Stable chronic conditions such as diabetes, arthritis, allergies, asthma, glaucoma, etc.
- Elective scheduled surgeries such as removal of lesions, arthroscopies, hernia repairs, hysterectomy, etc.
- Services for speech therapy, physical therapy and home health care.
- Participation in a chronic disease treatment program, for which we have a comparable program.

For information on how to apply for Transition of Care, contact Bright Health Plan Customer Service at (855) 827-4448.

Continuity of Care

Continuity of Care allows you to receive services at Network coverage levels for specified medical and behavioral conditions for a defined period of time when your Network doctor, hospital, or Provider leaves our Network and there are strong clinical reasons preventing immediate transfer of care to another Network Provider. You must apply for Continuity of Care within 30 days of your Network Provider leaving our Network. Requests will be reviewed within 10 days of receipt; organ transplant requests will take longer.

If you are under the care of a Network Provider for one of the medical conditions below, and the Network Provider caring for you is terminated from the Network by us, we can arrange, at your request and subject to the Provider's agreement, for continuation of Covered Health Services rendered by the terminated Provider for the time periods shown below. Co-payments, Deductibles or other cost sharing components will be the same as you would have paid for a Provider currently contracting with us.

Medical conditions and time periods for which treatment by a terminated Network Provider will be covered under the Policy are:

- An Acute Condition or Serious Chronic Condition. Treatment by the terminated Provider may continue for up to 90 days.
- A high risk Pregnancy or a Pregnancy that has reached the second or third trimester. Treatment by the terminated Provider may continue until the postpartum services related to the delivery are completed.

This section does not apply to treatment by a Provider or Provider group whose contract with us has been terminated or not renewed for reasons relating to medical disciplinary cause or reason, fraud or other criminal activity.

Do not assume that a Network Provider's agreement includes all Covered Health Services. Some Network Providers contract with Us to provide only certain Covered Health Services, but not all Covered Health Services. Refer to Your provider directory or contact Us for assistance.

For information on how to apply for Continuity of Care, contact Bright Health Plan Customer Service at (855) 827-4448.

You can obtain a listing of Network Providers on Our website, or by contacting the Customer Service Department at the telephone number listed in Section 3 of this Policy and on Your ID card. The provider's Network status is subject to change, so always confirm the provider's Network status with the provider at the time services are received.

Access Plan

We have prepared and maintain a Network Access Plan that describes how We monitor the Network of providers to ensure that You have access to care. The Network access plan is maintained at Our offices. Please contact *Customer Service* at the number listed in *Section 3 of this Policy* and on Your ID card for the location office nearest You.

Designated Facilities and Other Providers

If You have a medical condition that We believe needs special services, We may direct You to a Designated Facility or designated Physician chosen by Us. If You require certain complex Covered Health Services for which expertise is limited, We may direct You to a Network facility or provider that is outside Your Service Area. If You are required to travel to obtain such Covered Health Services from a Designated Facility or designated Physician, We may reimburse certain travel expenses at Our discretion.

In both cases, Network Benefits will only be paid if Your Covered Health Services for that condition are provided by or arranged by the Designated Facility, designated Physician, or other provider chosen by Us. The Designated Facility, Physician or other provider chosen by us must abide by the Preauthorization terms of this Policy.

You or Your Network Physician must notify Us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Facility or designated Physician. If You do not notify Us in advance and if You receive services from a Non-Network facility, (regardless of whether it is a Designated Facility) or other Non-Network Provider, Network Benefits will not be paid.

Receiving Non-Emergent Care From Non-Network Providers

There are specific situations when This Plan will cover non-emergent services from Non-Network Providers.

Non-emergent services from Non-Network Providers are covered by the Plan when:

- You are treated by a Non-Network Provider while you are receiving care at a Network facility; and
- when We authorize Medically Necessary care to a Non-Network Provider because the care is not available from a Network Provider.

To ensure that the Providers You are seeing are In-Network, visit our website at www.brighthealthplan, or call Us at (855) 827-4448.

When receiving emergency care from a Non-Network Provider in a Non-Network facility, payment from the Plan will be limited to Our Allowable Amount. The Allowable Amount is the amount negotiated by Us with the Non-Network Provider, or if We are unable to negotiate an amount with the Non-Network Provider, Our Allowable Amount will be up to 160% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market.

Non-Network Providers are allowed to bill any amount they wish for health care services. The charges that they bill may be more than Our Allowable Amount. You will be responsible for Your Copayment, Deductible and Coinsurance amounts, and for charges that the Non-Network Provider bills above Our Allowable Amount.

Pre-Authorized Care From Non-Network Providers

In a case where We do not have a Network Provider or specialist within Our network to provide services for a covered benefit, We will issue Pre-authorization to see a Non-Network Provider. You will not be denied necessary medical care or charged additional expenses because use of a Non-Network Provider is required. You will be responsible for Your In-Network Deductible, Coinsurance or Copayment amounts.

Payment for Charges to Non-Network Providers

If You receive care from a Non-Network Provider, You may be required to pay the charges in full to that Provider at the time of service. To be reimbursed for the charges You have paid, You will need to provide Us with an itemized bill.

Itemized bills must be submitted on billing forms or the Provider's letterhead or stationery and must include:

- The name and address of the Physician or other health care Provider, Tax ID Number and NPI Number;
- The full name, address and date of birth of the patient receiving treatment or services; and
- The date of service, type of service, diagnosis, and charge for each service separately.

Canceled checks, balance due statements, cash register receipts or bills You prepare Yourself are not acceptable. Please make a copy of all itemized bills for Your records before You send them because the bills are not returned to You. Itemized bills are necessary for Your claim to be processed so that all benefits available under Your plan are provided.

Claims for services rendered by a Non-Participating Provider must be submitted to the Plan within one year (365 days) from the date of service. If Your Non-Network Provider does not file a claim

for You, You are responsible for filing the claim within the one-year deadline. Claims submitted after the deadline are not eligible for benefit payment or reimbursement. If a claim is returned to You because We need additional information, You must resubmit it, with the information requested, within 90 days of the request.

Limitations on Selection of Providers

If We determine that You are using health care services in a harmful or abusive manner, or with harmful frequency, Your selection of Network Providers may be limited. If this happens, We may require You to select a single Network Physician to provide and coordinate all future Covered Health Services. If You don't make a selection within 31 days of the date We notify You, We will select a single Network Physician for You. If You fail to use the selected Network Physician, Covered Health Services will be paid as Non-Network Benefits.

Service Area

Your Service Area is an area (based on full or partial counties) where Network Covered Health Services are generally available and readily accessible to You and Your covered Dependents.

Your Service Area includes the following counties: Adams, Arapahoe, Boulder, Broomfield, Denver, Douglas, El Paso, Elbert, Jefferson, Lincoln and Summit counties.

Please see Our provider directory on Our website at www.brighthousehealthplan.com for a list of Network Providers in the Service Area or contact the *Customer Service* Department at the telephone number listed in Section 3 of this Policy and on Your ID card for assistance.

Medical Necessity

Understanding Medical Necessity is important for You as a Member because the decisions about coverage and treatment affect You. You need this information to make prudent choices.

We define a service, procedure or intervention as Medically Necessary if it meets all of the following criteria:

- it is a health intervention for the purpose of treating a medical condition
- it is the most appropriate supply or level of service, considering potential benefits and harms to the patient
- it is known to be effective in improving health outcomes.

We use the following types of information in making decisions about medical necessity:

- For new interventions, effectiveness is determined by scientific evidence.
- For existing interventions, effectiveness is determined
 1. by scientific evidence
 2. by professional standards
 3. by expert opinion; and
 4. by consideration of cost-effectiveness compared to alternative interventions, including no intervention.

Second Opinions

Second opinions should be received from an In-Network provider, when available. If You receive a second opinion from a Non-Network Provider when services could have been rendered In-Network, You may be required to pay those charges in full. We provide a network of Providers that meet all applicable network adequacy requirements. However, if We determine that a gap exists in our network, We may approve treatment with an otherwise Non-Network Provider on a case-by-case basis and limited in scope in accordance with Our network exceptions policy.

Pre-authorization

Pre-authorization is the process of reviewing a request for health care services for Medical Necessity and network affiliation prior to You receiving those services.

Who is responsible for obtaining Pre-authorization?

If You are receiving care from a Network Provider, the Network Provider is responsible for obtaining Pre-authorization before they provide these services to You. If the Provider fails to obtain Pre-authorization and the service is denied, he or she may not balance bill You.

If You are receiving care outside of Your Service Area, or care from a Non-Network Provider, You are responsible for making sure that Pre-authorization is obtained. Information regarding services can come from the Non-Network Provider or from You.

Through the Pre-authorization process, You may qualify for specialty programs, which include but are not limited to:

- the provision of informed decision making materials;
- the provision of information on how to choose higher quality, lower cost centers, or providers; access to special care Success programs; and
- the assignment of a case or disease management professional to assist You in evaluating and understanding health care choices.

Failure to obtain the Pre-authorization prior to receiving care may result in services not being covered, regardless of the circumstances or Medical Necessity.

You can request an expedited exception if you or your Physician believe that your health could be seriously harmed by waiting 15 business days for a decision. If your request to expedite is granted, we must give you a decision no later than 72 hours after we get the supporting statement from your Physician.

The results of the coverage determination will be communicated to You and Your Physician by the end of the second business day after receipt of the request. Coverage determinations are made based on the services reported to Us. If the reported services differ from those actually received, Our final coverage determination will be modified to account for those differences and We will only pay Benefits based on the services actually delivered to You.

If the Pre-authorization process is not followed, it could result in the delay or denial of claims payments.

Care Management

When We receive a request for Pre-authorization of health care services We may work with You to implement the Care Management process and to provide You with information about additional services that are available to You, such as disease management programs, health education, and patient advocacy.

All Care Management decisions are made by only qualified licensed professionals trained to assess the clinical information used to support Care Management decisions. Our Care Management decision-making is based only on appropriateness of care and service and existence of coverage, and that there are no financial incentives that encourage decisions that result in underutilization. We do not reward practitioners, referring Physicians, or Care Management decision makers for issuing denials of coverage.

Decide What Services You Should Receive

Care decisions are between You and Your health care provider. We do not make decisions about the kind of care You should or should not receive.

Show Your ID Card

You should show Your identification (ID) card every time You request health services. If You do not show Your ID card, the provider will fail to bill the correct entity for the services delivered, and any resulting delay may mean that You may be unable to collect any Benefits otherwise owed to You. The billing address used is based on the plan under which Your coverage is issued; therefore, it is important that You verify that Your provider has the correct billing information on file for Your plan.

Member Cost Sharing Requirements

Cost-sharing amounts include deductibles, coinsurance, copayments and any other expense required of a Member. Depending on the type of care You receive, and where you receive care, Your cost-sharing amounts will differ.

Refer to the *Schedule of Benefits (Who Pays What)* section of this Policy to determine what Your cost-sharing requirements are.

Annual Deductibles are the amount You must pay towards any Allowed Amounts for Covered Health Services incurred in a calendar year, before We will begin paying for Benefits.

Coinsurance is the percentage of any Allowed Amount that You are required to pay for certain Covered Health Services.

Copayments are the charge stated as a set dollar amount that You are required to pay for certain Covered Health Services.

Out-of-Pocket Maximum is the maximum amount of Deductible, Coinsurance, or Copayments You pay every calendar year.

Section 7 - Benefits/Coverage (What is Covered)

Benefit Determinations

We make administrative decisions regarding whether this Benefit plan will pay for any portion of the cost of a health care service You receive. Our decisions are for payment purposes only. We do not make decisions about the kind of care You should or should not receive. You and Your providers must make those treatment decisions.

We have the discretion to do the following:

- Interpret Benefits and the other terms, limitations, and exclusions set out in this *Policy* which includes the Schedule of Benefits and any Amendments.
- Make factual determinations related to Benefits.

We may delegate this discretionary authority to other persons or entities that provide administrative services for this Benefit plan, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time at Our discretion. In order to receive Benefits, You must cooperate with those service providers.

Our Reimbursement Policies

We develop reimbursement policy guidelines, at Our sole discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association (AMA), and/or the Centers for Medicare and Medicaid Services (CMS).
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that We accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse, and fraud reviews), Our reimbursement policies are applied to provider billings. Network Providers are contractually obligated to follow Our reimbursement policies and may not balance bill for denials based on Our reimbursement policies.

You will be held harmless for Covered Health Services provided at a Network facility. Services provided by a Non-Network Provider at an In-Network facility, will be reimbursed according to Network reimbursement policies and at no greater cost to You than if services were provided by a Network Provider. This protection shall not apply for emergency services rendered at a Non-Network facility by Non-Network Providers.

Our reimbursement policies are available upon request for review. To obtain a copy of Our reimbursement policies, contact Customer Service at the telephone number listed in Section 3 of this Policy and on the back of Your ID card.

Prescription Drugs

We use a Pharmacy Services Vendor to help manage the Prescription Drug benefit. Your cost and coverage of Prescription Drug Products from this benefit is impacted by the following factors:

- Eligibility at the time of service;
- The pharmacy filling Your prescription;
- The status of the medication on Our Formulary, its brand or generics status, its status as a Specialty Pharmacy medication; and
- Annual Deductibles, Copayments, Coinsurances, Days' Supply Limits, and other Quantity or Supply Limits.

Identification Card required for Prescription Services

You must show Your ID Card at the time You obtain Your Prescription Medications. The information on Your ID Card helps the pharmacy filling Your prescriptions verify that You are eligible, and determine the coverage and cost of Prescription Medications according to this benefit.

If the pharmacy does not have the necessary information from Your ID Card, it will not be able to provide prescriptions according to Your benefit. If You use a network pharmacy but do not use Your ID Card, You may be asked to pay the pharmacy's requested or Usual and Customary price for the medication. You will need to submit a claim to for us to consider the prescription for reimbursement under Your benefits. You will always be responsible for any deductibles, co-pays, coinsurance, or other benefit limits under this benefit. Only Pharmacies that participate in our Pharmacy Network are able to fill Your prescriptions under this benefit.

Pharmacy Network

You must use a Network Pharmacy to receive Benefits under this Policy. If You do not use a Network Pharmacy, You have no coverage under this benefit. To find a Network Pharmacy, visit Our website at www.brighthealthplan.com or call the Customer Service number listed on Your ID Card.

Specialty Pharmacy

Specialty Medications are prescribed to treat serious or chronic medical conditions such as but not limited to multiple sclerosis, hemophilia, hepatitis and rheumatoid arthritis. These medications may be oral or injectable. They can be self-administered or administered by a family member.

We have a program for specialty medications through a Specialty Pharmacy Network. If You need specialty medications, You must use one of the providers in the Specialty Pharmacy Network as Your specialty medication pharmacy. You may also be required to have the medication administered in certain settings or facilities. Specialty medication providers are experts in supplying medications and services to patients with complex health conditions. They will give You information about Your condition and the medications that have been prescribed to You. Please call Customer Service at (800) 237-2767 to find out which providers are in the Specialty Pharmacy Network program.

Mail order medications / Network Benefits

Self-administered medications must be obtained through the Plan's pharmacy benefit. You may get outpatient formulary prescription medications which can be self-administered through the mail order pharmacy service or from a retail pharmacy.

New prescriptions to treat certain chronic conditions and trial medications will be limited to quantity limits described at the end of this section.

Formulary List

Our Pharmacy and Therapeutics committee has created a list of Prescription Drug Products for this Plan, called a Formulary. The Formulary is referenced to determine what You pay at the pharmacy for covered Prescription Drug Products under the Plan. Products on the Formulary are covered differently than products not listed on the Formulary. Your cost for prescriptions will vary depending on the Formulary status of each specific medication. In general, medications on the Formulary are intended to cost You less than medications not on the Formulary. The Formulary contains both Brand-Name and Generic medications.

We may periodically change the status of a medication on the Formulary. These changes may occur without prior notice to You. Additionally, the status of a medication may change from brand to Generic. Brand name or Generic product status may impact Your costs and coverage under this benefit.

You may view the Formulary at Our website www.brighthealthplan.com or contact the Pharmacy Customer Service at the number listed on Your ID Card to request a copy.

Quantity Limit or Supply Limits

Your prescriptions may be limited by quantity, management, or Supply Limits which may reduce the quantity of Your prescription to a 30-day supply versus the full quantity written by Your prescriber. Some Prescription Drug Products may be required through a Mail Order Network Pharmacy. Mail order prescriptions will be eligible as written by the provider, up to a consecutive 90-day supply, unless adjusted based on the drug manufacturer's packaging size, or based on other Quantity or Supply Limits. Specialty Prescription Drug Products will be eligible as written by the provider, up to a consecutive 30-day supply of a Specialty Prescription Drug, unless adjusted based on the drug manufacturer's packaging size or based on other Quantity or Supply Limits. When a Specialty Prescription Drug Product is packaged or designed in a manner that provides more or less than a consecutive 30-day supply, the Copayment and/or Coinsurance that applies may be adjusted to reflect the number of days dispensed.

For certain medications, the plan limits the amount or dose of the medication that will be covered

with each prescription or over a certain time period.

Limitation on Selection of Pharmacies

If we determine that You may be using Prescription Medications in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, we may require You to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if You use the designated single Network Pharmacy. If You don't make a selection within 31 days of the date we notify You, we will select a single Network Pharmacy for You.

Pre-Authorization

Some Prescription Drug Products may require Pre-Authorization to be covered. In these cases, Your Physician and/or pharmacist will be notified. They are instructed to call the number on Your ID Card, or follow directions provided in a communication. Pre-Authorization is used to verify that certain requirements have been met before coverage of a specific type of prescription is dispensed. Without Pre-Authorization approval, Your Prescription Drug Product may not be covered.

Step Therapy

Step Therapy encourages You to try less costly but just as effective drugs before the Plan covers another drug. For example, if Drug A and Drug B treat the same medical condition, the Plan may require you to try Drug A first. If Drug A does not work for you, the Plan will then cover Drug B. The requirement to try a different drug first is call "Step Therapy".

In order to find out which medications require Step Therapy, refer to the Formulary at www.brighthousehealthplan.com.

Pharmacy drug samples shall not be considered trial and failure of a preferred medication in lieu of trying the Step Therapy required medication.

Exceptions

Exceptions to above may be granted in certain circumstances or for emergency or special situations. Your prescriber or doctor and pharmacy staff will need to provide certain information in order for us to review an exception request. There is a process to appeal decisions, and You will receive that information if You are denied a claim.

If the plan does not cover Your medication or has restrictions or limits on Your medication that You don't think will work for You, You can do one of these things:

- You can ask Your health care provider if there is another covered medication that will work for You; or
- You and/or Your health care provider can ask the plan to make an "exception" to cover a medication or to remove medication restrictions or limits. If We agree that the exception is Medically Necessary and the exception is approved, the medication will be covered at either:
 - the tier for the drug listed within the formulary document for formulary drugs; or
 - at the non-preferred brand tier for non-formulary drugs.

Examples of exceptions are:

- the medication that is normally covered has caused a harmful reaction to You;
- there is a reason to believe the medication that is normally covered would cause a harmful reaction; or
- the medication prescribed by Your qualified health care provider is more effective for You than the medication that is normally covered.

The medication must be in a class of medications that is covered.

For standard exception requests, We must make a determination and notify You and the prescribing physician no later than 72 hours following Our receipt of the request for exception. If We grant a standard exception request, We must provide coverage of the non-formulary drug for the duration of the prescription, including refills.

For expedited exception requests, We must make a determination and notify You and the prescribing physician no later than 24 hours following Our receipt of the request for exception. Expedited exception requests are appropriate for exigent circumstances, which means the person for whom the request is being made is suffering from a health condition that may seriously jeopardize his or her life, health, ability to regain maximum function, or the person is undergoing a current course of treatment using a non-formulary drug. If We grant an exception based on exigent circumstances, We must provide coverage for the non-formulary drug for the duration of the exigency.

For additional information about the prescription drug exceptions processes for drugs not included on Your Plan's Formulary, please contact the Pharmacy Customer Services number on Your ID Card.

Section 9 - Member Payment Responsibility

Your Responsibilities

Show Your ID Card

You must show Your ID Card at the pharmacy when You receive prescription drugs. The information on Your ID Card helps the pharmacy verify that You are covered. It also helps determine the cost of Your medications. If the pharmacy does not have the information from Your ID Card, they will not be able to provide Your medication at Your plan benefits. If You do not show Your ID Card, You may pay full price for Your medication.

It is important that You make sure Your provider has the correct billing information on file for Your plan.

Pay Your Share

You may have a Deductible, Copayment, and/or Coinsurance amounts to meet. The amounts are listed in the *Schedule of Benefits (Who Pays What)* section. These are costs You must pay for most Covered Health Services. They are due when you get care or when You are billed by the Provider. You will need to work with Your provider to determine how to meet Your cost-sharing requirements.

You will be responsible for charges that exceed Our Allowable Amount if You receive care from a Non-Network Provider. The Allowable Amount is the amount negotiated by Us with the Non-Network Provider, or if We are unable to negotiate an amount with the Non-Network Provider, Our Allowable Amount will be up to 160% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market.

Pay the Cost of Excluded Services

You must pay for services that are not covered. These are called Excluded Services. Please review the *Limitations/Exclusions (What is Not Covered)* section of this *Policy* so you know what is not covered.

File Claims with Complete and Accurate Information

When You receive health care services from a Non-Network Provider, You must send Us the information that We need to review Your claim. If We do not have all of the information that We need, We cannot consider Your claim. See the *Claims Procedures (How to File a Claim)* section of this *Policy*.

Our Responsibilities

Pay for Our Portion of the Cost of Covered Health Services

Your Network Providers must file claims to Us for payment. When You receive health services from Network Providers, You do not have to send Us a claim.

Pay for Covered Health Services Provided by Non-Network Providers

We will only pay for Benefits after We receive a request for payment that includes all of the required information. You or Your Provider must send Us the information that We need to review Your claim. If We do not have all of the information that We need, We cannot consider Your claim. *See the Claims Procedures (How to File a Claim) section of this Policy.*

Section 11 - General Policy Provisions

Your Relationship with Us

In order to make choices about Your health care coverage and treatment, We believe that it is important for You to understand how We interact with your providers.

- We do not decide what care You need or will receive. You and Your Physician make those decisions.
- We communicate to You decisions about whether this plan will cover or pay for the health care that You may receive. The plan pays for Covered Health Services, which are more fully described in this *Policy*.
- The plan may not pay for all treatments You or Your Physician may believe are necessary. If the plan does not pay, You will be responsible for the cost.

Our Relationship with Providers

The relationships between Us and Network Providers are solely contractual relationships. Network Providers are not Our agents or employees. Neither We nor any of Our employees are agents or employees of Network Providers We do not provide health care services or supplies, nor do We practice medicine. Instead, We arrange for health care providers to participate in a Network and We pay Benefits. Network Providers are independent practitioners who run their own offices and facilities. We are not liable for any act or omission of any provider.

Your Relationship with Providers

The relationship between You and any provider, is that of provider and patient.

- You are responsible for choosing Your own provider.
- You are responsible for paying, directly to Your provider, any amount identified as Your responsibility, including Copayments, Coinsurance, any Annual Deductible, and any amount that exceeds the Allowed Amount.
- You are responsible for paying, directly to Your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating You is right for You. This includes Network Providers You choose and providers to whom You have been referred.
- You must decide with Your provider what care You should receive.
- Your provider is solely responsible for the quality of the services provided to You.

Incentives to Providers

We pay Network Providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of quality health care in a cost efficient and effective manner. These financial incentives are not intended to affect Your access to health care. An example of financial incentives for Network Providers is bonuses for performance based on factors that may include quality, Your satisfaction, and/or cost-effectiveness.

We use various payment methods to pay specific Network Providers. From time to time, the payment method may change. If You have questions about whether Your Network Provider's contract with Us includes any financial incentives, We encourage You to discuss those questions with Your provider.

Incentives to You

We may offer You incentives to encourage You to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is Yours alone but We recommend that You discuss participating in such programs with Your Physician. Contact Us if You have any questions.

Rebates and Other Payments

We may receive rebates for certain drugs that are administered to You in Your home or in a Physician's office, or at a Hospital, or Alternate Facility. This includes rebates for those drugs administered to You before You meet any applicable Annual Deductible. We do not pass these rebates on to You, nor are they applied to any Annual Deductible or taken into account in determining Your Copayments or Coinsurance.

Interpretation of Benefits

We have the sole and exclusive discretion to do all of the following:

- Interpret Benefits under this Policy.
- Interpret the other terms, conditions, limitations, and exclusions, including this *Policy* which includes the *Schedule of Benefits* and any *Amendments*.
- Make factual determinations related to this Policy and its Benefits.

We may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of this Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, We may, in Our discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that We do so in any particular case shall not in any way be deemed to require Us to do so in other cases, similar or not.

Evaluation of New Technology

Coverage for new technology that is experimental, investigational or not deemed Medically Necessary is excluded from coverage.

We will evaluate the utilization of new technology as related to medical and behavioral health procedures, pharmaceuticals and devices.

Information from published peer-reviewed Scientific Evidence, governmental regulatory bodies and Specialists and professionals who have relevant expertise with the new technology is reviewed against technology or intervention assessment criteria, which must be met to merit consideration as a covered benefit.

Administrative Services

We may, in Our sole discretion, arrange for various persons or entities to provide administrative services in regard to this Policy, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time at Our sole discretion. We are not required to give You prior notice of any such change, nor are We required to obtain Your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Information and Records

By accepting Benefits under this Policy, You authorize and direct any person or institution that has provided services to You to furnish Us with all information or copies of records relating to the services provided to You. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We may use Your individually identifiable health information to administer this Policy and pay claims, to identify procedures, products, or services that You may find valuable, and as otherwise permitted or required by law. We may request additional information from You to decide Your claim for Benefits. We will keep this information confidential. We may also use Your de-identified data for commercial purposes, including research, as permitted by law. More detail about how We may use or disclose Your information is found in Our *Notice of Privacy Practices*.

We have the right to release any and all records concerning health care services, which are necessary to implement or administer the terms of this Policy, for appropriate medical review or quality assessment, or as We are required to do by law or regulation. During and after the term of this Policy, We and Our related entities may use and transfer the information gathered under this Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to Our Notice of Privacy Practices.

For complete copies of Your medical records or billing statements We recommend that You contact Your health care provider. Providers may charge You reasonable fees to cover their costs for providing records or completing requested forms.

If You request medical forms or records from Us, We also may charge You reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, We will designate other persons or entities to request records or information from or related to You, and to release those records as necessary. Our designees have the same rights to this information as We have.

Extension of Benefits

If You are hospitalized on the end date of your Policy with Us and Your Policy is not being terminated for non-payment, benefits will be extended beyond your termination date until You are discharged from the hospital. We will pay for Covered Health Services received during that hospitalization if premiums were paid through Your termination date.

Examination and Autopsy

We have the right at Our expense, to request an examination of Covered Persons by a Provider of Our choice. Upon the death of a Covered Person, We may request an autopsy, unless prohibited by law.

Integration of Medicare Benefits

Benefits under this Plan will pay secondary to Medicare only. We will not coordinate benefits with other plans. We will not provide benefits that duplicate any benefits You would be entitled to receive under Medicare.

If You have Medicare, Your Medicare coverage will not affect the Covered Services covered under this Policy, except as follows:

- Your Medicare coverage will be applied first (primary) to any services covered by both Medicare and this Policy.
- If You receive a service that is covered both by Medicare and this Policy, we will allow no more than the amount allowed by Medicare for the same Covered Health Service when calculating benefits payable under the terms of this Policy. All benefits payable under this Policy are subject the applicable deductible, copayment and/or coinsurance for the Covered Health Service as outlined in the Schedule of Benefits.

Eligibility for Medicare

If You or a Dependent are entitled to and enrolled in Medicare or if a Member of this Policy becomes eligible for and enrolled in Medicare by reason of age, disability, End Stage Renal Disease or any other eligibility category, We will consider what Medicare will pay to the extent permitted by law. This means that We will determine coverage and payment available to the Member after subtracting the amounts that Medicare will pay.

Workers' Compensation

Benefits provided under this Policy do not substitute for and do not affect any requirements for coverage by Workers' Compensation insurance. We will not pay for services and supplies related to an Illness or Injury resulting from Your course of employment. Such Illnesses or Injuries are generally covered under such laws as:

- Occupational disease laws;
- Employer's liability policies;

- Municipal, state or federal law;
- The Workers' Compensation Act.

You must pursue Your rights under the Workers' Compensation Act or any other laws that may apply to Your situation. This includes filing an appeal with the Colorado Industrial Commission, if necessary.

Your failure to (a) file a claim within the filing period allowed by the applicable law; (b) obtain authorization for care, as may be required by Your employer's workers' compensation insurance; or (c) comply with any other provisions of the above laws, will not qualify You to receive coverage for work-related Injury or Illness from Us.

Your employer's failure to carry the workers' compensation insurance will not qualify You to receive coverage for a work-related Injury or Illness from Us.

There are a limited number of exceptions under which We may pay for services and supplies needed because of work-related Injury or Illness:

- If You have an appeal pending in front of the Colorado Industrial Commission. We may pay claims for certain services if You sign an agreement to repay The Plan for 100 percent of services paid by Us when the appeal is decided in Your favor.
- If You qualify under Colorado law to reject workers' compensation coverage as an owner and officer of Your business. We reserve the right to request documentation to substantiate Your lawful rejection of coverage.

Subrogation and Reimbursement

Subrogation is the substitution of one person or entity in the place of another with reference to a lawful claim, demand, or right. Subrogation usually means bringing suit against a person or entity that has injured You. If You choose not to file a claim against the person or entity that has injured You, We will be subrogated to and will succeed to Your right of recovery under any legal theory of any type for the reasonable value of any services and Benefits We provided to You, from any and all of the following.

- Any person or entity that is liable for payment to You on any equitable or legal liability theory.
- These third parties and persons or entities are collectively referred to as "Third Parties".

You agree as follows:

- That You will cooperate with Us in protecting Our right to reimbursement, including, but not limited to:
 - providing any relevant information requested by Us,
 - signing and/or delivering such documents as We or Our agents reasonably request to secure the reimbursement claim,
 - responding to requests for information about any accident or injuries, and making court appearances, and
 - obtaining Our consent or Our agent's consent before releasing any party from liability or payment of medical expenses.
- That failure to cooperate in this manner shall be deemed a breach of contract, and may result in the instigation of legal action against You.
- That We have the sole authority and discretion to resolve all disputes regarding the interpretation of the language stated herein.
- That Benefits paid by Us may also be considered to be Benefits advanced.

- That You will seek Our approval of any settlement that does not fully compensate or reimburse You and Us and You will not do anything to prejudice Our rights under this provision.
- That, if You do not file a claim, You will assign to Us all rights of recovery against Third Parties, to the extent of the reasonable value of services and Benefits We provided, plus reasonable costs of collection.
- That We may, if You do not file a claim, take necessary and appropriate action to preserve Our rights under these subrogation provisions, including filing suit in Your name, which does not obligate Us in any way to pay You part of any recovery We might obtain.
- That We will not be obligated in any way to pursue this right independently or on Your behalf.
- That in the case of Your wrongful death, the provisions of this section will apply to Your estate, the personal representative of Your estate, and Your heirs.
- That the provisions of this section apply to the parents, guardian, or other representative of a Child who incurs a Sickness or Injury caused by a Third Party. If a parent or guardian may bring a claim for damages arising out of a Child's Injury, the terms of this reimbursement clause shall apply to that claim.

Refund of Overpayments

If We overpay Benefits for expenses incurred on account of a Covered Person, the person or entity that was paid must refund to Us:

- All or some of the payment We made that exceeded the Benefits under this Policy.
- All or some of the payment that was made in error.

The refund equals the amount We paid in excess of the amount that We should have paid under this Policy. If the refund is due from another person or organization, the Covered Person agrees to help Us get the refund when requested.

Limitation of Action

No action at law or in equity shall be brought to recover on this policy prior to the expiration of sixty days after written proof of loss has been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of three years after the time written proof of loss is required to be furnished. By enrolling in this health benefit plan, you have agreed to the use of binding arbitration in lieu of having any such dispute decided in a court of law before a jury.

Binding Arbitration

Fraudulent Insurance Acts Notice

Penalties may include imprisonment, fines, denial of insurance and civil damages. Any insurance company or agent of an insurance company who knowingly provides false, incomplete, or

misleading facts or information to a policyholder or claimant for the purpose of defrauding or attempting to defraud the policyholder or claimant with regard to a settlement or award payable from insurance proceeds shall be reported to the Colorado Division of Insurance within the Department of Regulatory Agencies.

Insurance fraud results in cost increases for health care coverage. You can help decrease these costs by:

- Being wary of offers to waive Deductible and/or Coinsurance. This practice is usually illegal.
- Being wary of mobile health testing labs. Ask what the insurance company will be charged for the tests.
- Always reviewing Your Explanation of Benefits.
- Being very cautious about giving Your health insurance coverage information over the phone.

If fraud is suspected, contact Us at the *Customer Service* number listed in Section 3 of this Policy and on Your ID card.

We reserve the right to recoup any benefit payments paid on Your behalf, and/or to rescind the coverage under this Policy retroactively as if it never existed if You have committed fraud or intentional misrepresentation of material fact in applying for coverage in or receiving or filing for Benefits.

Time Limit on Certain Defenses

After two years from the effective date of this Policy, in the absence of fraud, no misstatements made by the Subscriber in the enrollment application may be used by Us to cancel this Policy or to deny a claim for Benefits for Covered Health Services received after the expiration of such two-year period. This provision does not apply to a misstatement about age or occupation or other insurance.

After this Policy has been in force for a period of two (2) years, We may not contest any statements contained in the Application.

Notices

All notices are considered sent to and received by You when deposited in the United States mail with postage prepaid and addressed to the address on file with Us.

On its effective date this *Policy* replaces and overrules any *Policy* that We may have previously issued to You. Any *Policy* We issue to You in the future will in turn overrule this *Policy*. This Policy will take effect on the date specified in this Policy. Coverage under this Policy will begin at 12:01 a.m. and end at 12:00 midnight Mountain Standard Time. This Policy will remain in effect as long as premiums are paid when they are due, subject to termination of this Policy.

If You disagree with an Adverse Determination and wish to appeal, You may request a review of the Adverse Determination. We have an internal review process. Once You have gone through the internal appeals process, if further review is necessary, You may request an independent external review.

Internal Review Process

To begin the internal review process, You must send a written request to Us at the address on Your ID card.

Your request for an appeal must include:

- A description of the Adverse Determination;
- The reason You disagree with the Adverse Determination; and
- Any documentation (including medical records) or other written information to support Your position.
- If the Adverse Determination is based on a contractual exclusion, You must submit evidence from a medical professional that there is a reasonable medical basis that the exclusion does not apply.
- If Your appeal is related to a claim, the request for the appeal must include the following information:
 - The patient's name and the identification number from the ID card;
 - The date(s) of the medical service(s); and

Appeal Review Process

Your appeal request must be submitted to Us within 180 days after You receive notice of the Adverse Determination You are appealing.

Appeals will be evaluated by a Physician or dentist, as appropriate, who will consult with clinical peers with the appropriate expertise, if necessary. No Physician, dentist, or peer who was involved in the initial Adverse Determination will be involved in the first-level appeal review, but may be called upon to answer questions regarding the initial Adverse Determination.

The reviewer will consider all comments, documents, records, and other information You submit, without regard to whether the information was submitted or considered in making the initial Adverse Determination.

If the appeal is about the applicability of a contractual exclusion, the review determination will be made based on whether the contractual exclusion applies to the denied benefit.

Notice of Appeal Determination

Within thirty (30) days of receipt, We will provide You with a written notice of our determination along with a detailed explanation of the basis for that determination and, if the Initial Adverse Determination was upheld, of the process for requesting an external review.

Expedited Appeals

Expedited Appeal Review Process

If a delay in treatment could significantly increase the risk to Your health, cause severe pain, or affect Your ability to regain maximum function, Your appeal may require immediate action. In these situations, You, Your Physician, or Your designated representative may request an expedited appeal.

An expedited appeal request does not need to be submitted in writing. An expedited review may be requested by calling us directly at the *Customer Service* number listed in Section 3 of this Policy and on Your ID card.

We will consider all comments, documents, records, and other information provided without regard to whether the information was submitted or considered in making the initial Adverse Determination. If additional information is necessary to complete an expedited review, We will notify the individual who requested the review within 24 hours of Our receipt of the expedited appeal request.

Notice of Expedited Appeal Determination

We will make a decision and notify You, Your Physician, and/or Your designated representative as expeditiously as possible. Our initial notification will be by telephone, fax, or electronic means.

In no case will our initial notification be provided more than 72 hours after Our receipt of the expedited appeal request or the information necessary to make a determination.

We will confirm Our initial notification in a formal letter within three (3) business days of Our initial communication.

If the expedited review is concurrent with the receipt of Health Care Services, those services shall continue without liability to You until We provide You, Your Physician, or Your designated representative with our initial appeal determination.

Independent External Review

Independent External Review Process

After You have gone through the internal appeal, You may request an independent external review. We are responsible for paying the cost of the independent external review; there is no cost to You. To begin the process, You, Your Physician or Your designated representative must submit a written request for an independent external review no later than four (4) months after receiving notice of

the appeal determination from the internal appeal. You may also submit Your request for an independent external review at the same time You request an expedited internal review.

Independent external review requests must be submitted to Us in writing and include a completed external review request form as specified by the Colorado Division of Insurance (the Division). You must also include a signed consent form, authorizing Us to disclose protected health information, including medical records, pertinent to the external review. You may include with Your request new information, if it is significantly different from the information provided or considered during the internal review process.

We will forward a copy of Your request to the Division. The Division will select an independent external review entity to review Your request and notify Us of their selection. We will notify You of the review entity selected by the Division and provide You with information on how to address potential conflicts of interest.

Within five (5) working days of receiving notice of the review entity assignment, You may submit additional information for consideration directly to the review entity. The review entity will forward to us a copy of any information You send them. We will send the review entity documents and information considered in making Our Adverse Determination. The review entity will provide You with an index of all materials that We submit. Upon request, We will provide You with all relevant information we supply to the review entity that is not confidential or privileged under state or federal law concerning the case under review. The review entity will notify You and Us if additional information is required.

We have the option of reversing Our Adverse Determination based on a consideration of any new information You may submit. If we reverse our Adverse Determination, We will notify You, the Division, and the review entity within one working day of the decision to reverse the Adverse Determination. Upon receiving that notification from Us, the review entity will terminate the external review.

Notice of Independent External Review Determination

Within forty-five (45) days of receiving the request for review, the review entity will decide whether to uphold or reverse Our Adverse Determination and send written notice of that decision to You, Your Physician, Us, and the Division. The decision of the review entity is binding.

If the review entity reverses Our Adverse Determination and the review was concurrent or prospective, We will approve coverage within one (1) working day of receiving the review entity's decision. If the review entity reverses Our Adverse Determination and the review was retrospective, We will approve Benefits within five (5) working days and notify You within one (1) working day of that approval. Benefits will be provided based on the terms and conditions of Your plan.

Expedited Independent External Review

Expedited Independent External Review Process

You, or Your designated representative may request an expedited independent external review if You have a medical condition where the timeframe for completion of a standard external review would seriously jeopardize Your life, health, or ability to regain maximum function, or create an imminent and substantial limitation to Your ability to live independently. The review request must include a Physician's certification that Your medical condition meets this requirement. The request may be made simultaneously with an internal expedited appeal request.

Your request must be submitted to Us in writing and include a completed external review request form as specified by the Colorado Division of Insurance (the Division) and as available at www.brighthealthplan.com. You must also include a signed consent form, authorizing Us to disclose protected health information, including medical records, pertinent to the external review. You may include with Your request new information, if it is significantly different from the information provided or considered during the internal review process.

We will forward a copy of Your request to the Division within one (1) working day. Within one (1) working day of receiving the request, The Division will select an independent external review entity to review Your request and notify Us of their selection. We will notify You of the review entity selected by the Division and provide You with information on how to address potential conflicts of interest.

Immediately upon receipt of the review entity assignment, We will send the review entity documents and information considered in making Our Adverse Determination.

Notice of Expedited Independent External Review Determination

Within seventy-two (72) hours of receiving the request for an expedited review, the review entity will decide whether to uphold or reverse Our Adverse Determination and send written notice of that decision to You, Your Physician, the Division, and Us. The decision of the review entity is binding. If the preceding initial notice is not provided in writing, the review entity will provide a formal written confirmation within forty-eight (48) hours of the initial notice.

If the designated review entity reverses our determination, We will reverse any Benefit determinations immediately upon notification and provide a written notification of Benefits within one (1) working day. Benefits will be provided based on the terms and conditions of Your plan.

Medically Necessary/Medical Necessity – a service, procedure or intervention which is recommended by a Physician to treat a medical condition which is known to be effective in improving health outcomes and is the most appropriate supply or level of service considering the Benefits and harms to the patient.

We use these terms to help Us determine whether a particular service or supply will be covered. When possible, We develop written criteria (called medical criteria) that We use to determine Medical Necessity. We base these criteria on peer-reviewed literature, recognized standards of medical practice, and technology assessments. We put these medical criteria in policies that We make available to the medical community and our members. We do this so that You and Your providers will know in advance, when possible, what We will pay for. If a service or supply is not Medically Necessary according to one of our published medical criteria policies, We will not pay for it. If a service or supply is not addressed by one of our published medical criteria policies, We will consider it to be Medically Necessary only if we determine that it is:

- Appropriate and necessary for the symptoms, diagnosis, or treatment of Your medical condition;
- Provided for the diagnosis or direct care and treatment of Your medical condition;
- In accordance with standards of good medical practice accepted by the organized medical community;
- Not primarily for the convenience and/or comfort of You, Your family, Your physician, or another provider of services; Not "investigational"; and Performed in the least costly setting, method, or manner, or with the least costly supplies, required by your medical condition. A "setting" may be Your home, a physician's office, an ambulatory surgical facility, a hospital's outpatient department, a hospital when you are an inpatient, or another type of facility providing a lesser level of care. Only Your medical condition is considered in deciding which setting is Medically Necessary. Your financial or family situation, the distance you live from a hospital or other facility, or any other non-medical factor is not considered. As Your medical condition changes, the setting You need may also change. Ask Your physician if any of Your services can be performed on an outpatient basis or in a less costly setting.

It is important for You to remember that when We make medical necessity determinations, We are making them solely for the purpose of determining whether to pay for a medical service or supply. All decisions concerning Your treatment must be made solely by Your attending physician and other medical providers.
