Blue Dental℠ and Blue Cross Vision plans

Blue Cross offers you and your family a variety of choices, including stand-alone dental plans, a stand-alone vision plan, and the convenience of dental plans combined with vision coverage, which you can buy directly from us rather than through the Health Insurance Marketplace. These dental and vision plans are comprehensive and include everything from routine cleanings and oral exams, to fillings and crowns, even eye exams and glasses for vision. Best of all, these plans are backed by the value, experience and confidence that you can rely on from Blue Cross. New enrollment is available year-round for off Marketplace dental, vision, and dental with vision plans.

Choosing your dentist

Choosing the right dentist for your dental needs is important. That's why our dental plans give you a variety of options that make finding the right dentist easy.

Depending on whether you choose a PPO or an EPO dental plan, your monthly premiums and how you pay for services will vary. It's important to know which plan is right for you.

- **PPO network dentists:** When you visit dentists in network, or within the preferred dental professional network, you can save up to 20% on services.
- **EPO network dentists:** EPO stands for exclusive provider organization. A Blue Dental EPO plan only covers services from dentists in our preferred network. Because EPO plans only cover care received in-network, costs are reduced and monthly payments are lower.
- **Blue Par Select℠ dentists:** Although not part of our network, you'll still save from 8% to 10% if you see one of these dentists. As Blue Par Select dentists aren't a part of our preferred dental network, EPO plans don't cover their services.
- **Out-of-network dentists:** For dental visits completely outside the Blue Cross network, the process is somewhat different. You cover the cost of care up front, then file a claim and we reimburse you for the share of the cost your dental plan covers. Keep in mind that if the dentist charges more than we pay for a service, you may be responsible for the difference.

Choosing your eye doctor

A benefit of having Blue Cross coverage is the plan options for not just medical, but dental and vision. With Blue Cross vision and dental plans, members can purchase a packaged dental with vision plan or purchase a stand-alone vision plan by itself.

Also, to save big on vision care, visit a VSP Choice in-network eye doctor. If you choose a provider that doesn't participate with VSP, you're responsible for additional charges. This may include the difference between our approved amount and the doctor's charge and copayments required by your plan.

Choosing a doctor who participates in the VSP Choice network is easy. Visit **bcbsm.com**, click *Find a Doctor* and then choose VSP. You can also call VSP member services at **1-800-877-7195**.
