eHealth Hospital Insurance

A fixed-benefit indemnity plan with hospital, surgical and critical illness insurance benefits for you and your family.

Optional benefits include preventive wellness, diagnostic testing and physician office visits.

Underwritten by Independence American Insurance Company, (IAIC), a member of the IHC Group. For more information about IAIC and the IHC Group, visit www.ihcgroup.com. This product is not considered to be Minimum Essential Coverage as defined by the Patient Protection and Affordable Care Act (ACA). Plans are administered by The Loomis Company.
eHealth Hospital Insurance pays fixed-benefit amounts to protect against covered medical expenses resulting from hospitalization, surgery, chemotherapy and radiation services.

- No plan calendar year or lifetime dollar amount maximums. Daily benefits are paid for each covered illness or injury. Optional coverage may include benefit-specific maximums.
- Some plans automatically include a lump-sum critical illness benefit for the primary insured and covered spouse, along with benefits for each covered dependent child.

Affordability

- Choose a plan that’s right for you to help protect against financial loss associated with unexpected hospital stays or surgical procedures.
- eHealth Hospital Insurances is guaranteed renewable; you and your family cannot be singled out for a rate increase or cancellation based solely on changes to your health.

Enroll at any time

- eHealth Hospital Insurance does not have open enrollment periods; you and your family can secure coverage at any time of the year.

A fixed-benefit hospital and surgical plan may not be right for everyone.

eHealth Hospital Insurance is not major medical insurance; it provides fixed-indemnity limited medical inpatient hospital benefits, and limited outpatient fixed-indemnity benefits such as outpatient surgery, chemotherapy and radiation services. Optional critical illness benefit is also available. Carefully designed plan benefits keep plan premiums affordable. It is very important you review the plan information closely. This product is not qualifying health coverage (“Minimum Essential Coverage”) that satisfies the health coverage requirement of the Affordable Care Act. If you don’t have Minimum Essential Coverage, you may owe an additional payment with your taxes. The termination or loss of this policy does not entitle you to a special enrollment period to purchase a health benefit plan that qualifies as minimum essential coverage outside of an open enrollment period. This products may include a pre-existing condition exclusion provision.

Critical illness insurance provides a lump-sum cash benefit payment, directly to you, when a covered medical condition is diagnosed after the effective date. Benefits can be used any way you choose – medical treatment, replace lost income while you are recovering, daily household expenses, childcare, or maintain a business.

Critical illness benefits include a fixed benefit amount for the following:

- Cancer
- Heart attack
- Stroke
- Major organ transplant
- Coma
- Severe burn
- Kidney failure

A plan that’s right for you

Choose from five eHealth Hospital Insurance plans, critical illness benefits, as well as several optional outpatient benefits that allow individuals and families to select coverage that blends protection with affordability. Plan highlights include:

- Coverage from an insurance company rated A- (Excellent) by A.M. Best Company, a widely recognized rating agency that rates the financial strength of insurance companies and their ability to meet policyholder obligations
- Benefits for inpatient hospitalization, surgery, diagnosis of critical illness and ambulance as well as covered outpatient chemotherapy and radiation therapy services
- Plan pays the fixed-benefits you select, regardless of the amount your providers charge for services
- Flexibility to choose any doctor or hospital in America, plus additional cost savings available when you choose a provider that is part of the various provider networks participating.

Benefits vary by state.
Benefit examples*

**Indemnity benefit example for inpatient confinement**
Plan selected: Plan 2

Medical situation: A covered person is admitted to the hospital with pneumonia and acute respiratory failure. Inpatient confinement is five days, two of which are in the intensive care unit. The condition was not pre-existing.

**Claims benefits example (based on covered benefits):**

- Daily intensive care benefit: $8,000 ($4,000 per day x 2 days)
- Daily inpatient hospital confinement benefit: $9,000 ($3,000 per day x 3 days)
- Doctor visits while hospital confined benefit: $500 ($100 per day x 5 days)
- Total benefits paid: $17,500

**Indemnity benefit example for outpatient benefits**
Plan selected: Plan 4

Medical situation: A covered person undergoes laparoscopic gall bladder surgery. Same-day surgery is performed at an outpatient hospital surgical facility. The condition was not pre-existing.

**Claims benefits example (based on covered benefits):**

- Outpatient surgery facility benefit: $1,500
- Outpatient surgeon benefit: $1,500
- Outpatient assistant surgeon benefit: $300
- Anesthesiologist benefit: $450
- Total benefits paid: $3,750

*The benefit examples shown above are intended for illustrative purposes only. These examples do not contemplate the provider’s actual charges for services rendered nor the full extent of the covered person’s out-of-pocket costs. Remember, benefit payable within 30 days following an inpatient confinement or outpatient surgery for a covered illness or injury.

**Using a nationwide network is simple**
eHealth Hospital Insurance fixed-indemnity benefits are paid the same, regardless of which providers you use. That means you have the flexibility to use any doctor or hospital in the United States.

If you wish to save even more on out-of-pocket costs, discounts are available through various provider networks participating with your eHealth Hospital Insurance plan. Networks vary by state. Please refer to your policy fulfillment packet for more information and a list of providers.
Covered critical illness descriptions

Benefits payable are subject to the following diagnosis of each covered critical illness. Diagnosis must be made by a legally qualified physician through the use of clinical and/or laboratory findings.

- **Cancer in situ:** A diagnosis of cancer wherein the tumor cells still lie within the tissue of origin without having invaded neighboring tissue. Cancer in situ must be diagnosed pursuant to a pathological or clinical diagnosis. Cancer in situ includes early prostate cancer diagnosed as T1N0M0 or equivalent staging and melanoma not invading the dermis. Cancer in situ does NOT include: other skin malignancies, pre-malignant lesions (such as intraepithelial neoplasia), or benign tumors or polyps.

- **Major organ transplant:** The clinical evidence of major organ(s) failure which requires the malfunctioning organ(s) or tissue of the covered person to be replaced with an organ(s) or tissue from a suitable human donor (excluding the covered person) under generally accepted medical procedures. The organs and tissues covered by this definition are limited to: liver, kidney, entire heart, small intestine, pancreas, pancreas-kidney or bone marrow. In order for the major organ transplant to be covered under this rider, the covered person must be registered by the United Network of Organ Sharing or the National Marrow Donor Program.

- **Severe burn:** The diagnosis, by a legally qualified physician board-certified as a plastic surgeon, that the body has sustained third degree burns covering at least 20 percent of the surface area of the covered person’s body.

- **Heart attack:** An acute myocardial infarction resulting in the death of a portion of the heart muscle due to a blockage of one or more coronary arteries, and resulting in the loss of normal function of the heart. The diagnosis must be made by a legally qualified physician board-certified as a cardiologist and based on both new clinical presentation and electrocardiographic changes consistent with an evolving heart attack, and serial measurement of cardiac biomarkers showing a pattern and to a level consistent with the diagnosis of a heart attack. A heart attack does NOT include an established (old) myocardial infarction.

- **Life-threatening cancer:** A malignant neoplasm is characterized by the uncontrolled growth and spread of malignant cells and the invasion of tissue and which is not specifically excluded. Leukemias or lymphomas are included. Cancer must be diagnosed pursuant to a pathological or clinical diagnosis.

- **Life-threatening cancer does not include:** Pre-malignant lesions (such as intraepithelial neoplasia), benign tumors or polyps, any skin cancer (other than invasive malignant melanoma in the dermis or deeper or skin malignancies that have become metastatic), or early prostate cancer diagnosed as T1N0M0 or equivalent staging.

- **Kidney (renal) failure:** End-stage renal failure is a chronic and irreversible failure of both kidneys, which requires the covered person to undergo periodic and ongoing dialysis. The diagnosis must be made by a legally qualified physician board-certified in nephrology.

- **Stroke:** Any acute cerebrovascular accident producing neurological impairment and resulting in paralysis or other measurable objective neurological deficit persisting for at least 96 hours and expected to be permanent. The diagnosis must be made by a legally qualified physician board-certified as a neurologist. A stroke does NOT include transient ischemic attack (mini-Stroke), head injury, chronic cerebrovascular insufficiency and reversible ischemic neurological deficits.

- **Coma:** The diagnosis, by a legally qualified physician board-certified as a neurologist, that a covered person is in a state of unconsciousness from which the person cannot be aroused, in which external stimulation will produce no more than primitive avoidance reflexes, and that this state has persisted continuously for at least 96 hours.

The schedule of benefits outlines the critical illness benefit amounts.
Eligibility
If you are a dues-paying member of America’s Business Benefit Association (ABBA) or
Communicating for America, Inc. (CA) (Oregon only), 18 to 64.5 years of age and a permanent
resident of the United States, you and your eligible dependents may submit an application to
purchase eHealth Hospital Insurance. You and your eligible dependents, if applying, must qualify
for coverage based on the plan’s underwriting guidelines. Eligible dependents include: Your
lawful spouse/domestic partner under 64.5 years of age, and your child(ren) under age 26.

Effective date
You may request that your coverage become effective any day of the month. We must receive
your application before the requested effective date. If your application is approved, your
coverage will become effective on the requested effective date following approval. Your
applicable premium must be paid before your coverage under the Policy goes into effect. If
the company is unable to approve your application within 60 days of the application date, the
requested effective date will not be honored and a new, currently dated application may be
required.

Precertification
Precertification is a screening process used to determine if the proposed inpatient confinement
or outpatient chemotherapy or radiation treatment is medically necessary and appropriate.
Failure to obtain the required precertification will result in no benefits being paid. Precertification
is required at least seven days prior to each non-emergency inpatient confinement and
within 48 hours of inpatient admission or as soon as reasonably possible for emergency
inpatient confinement. Precertification is also required seven days prior to receiving outpatient
chemotherapy and radiation therapy. Precertification is not pre-authorization or pre-approval of
coverage and it does not guarantee payment of benefits. Payment of benefits will be determined in
accordance with and subject to all the terms, conditions, limitations and exclusions of the policy.

Termination of insurance
A covered person’s insurance under the Policy will terminate on the earliest of the following:
the date of termination of the Policy; the premium due date following the date a written request
to terminate coverage is received; the date the premium is not paid; the date of death; the last
day of the month following the date of attainment of age 65; the last day of the month following
the date of Medicare eligibility; the last day of the month following termination of membership
with the policyholder; or the date the person enters the armed forces. A dependent spouse’s
coverage also terminates on the premium due date following a divorce or legal separation.
A dependent child’s coverage will terminate on the premium due date following the date the
child ceases to meet the definition of an eligible dependent.

Intentional misrepresentation or fraud in the application for coverage may result in rescission
or reformation of coverage.

Coordination of benefits
eHealth Hospital Insurance does not coordinate benefits with other health insurance plans.
Plan and benefit details

Period of treatment
A period of treatment begins (1) when a covered person is initially admitted to the hospital, (2) when services are provided in an outpatient surgical facility or (3) when chemotherapy or radiation therapy is received on an outpatient basis. The period of treatment ends 180 consecutive days later for the same or related injury or illness. If treatment extends past 180 days for the same injury or illness, a new period of treatment will begin. A separate period of treatment will apply to each covered injury or illness.

Daily hospital room and board and miscellaneous hospital services inpatient indemnity benefit
The daily hospital room and board benefit is paid for each day of inpatient confinement and general nursing furnished by the hospital. Benefit includes hospital miscellaneous medical services and supplies, x-rays, laboratory tests and other diagnostic tests, chemotherapy or radiation services for the treatment of cancer, services of a radiologist or radiology group and for services of a pathologist or pathology group for interpretation of diagnostic tests or studies necessary for the treatment of the covered person while confined inpatient. This benefit does not include fees charged for take-home drugs, personal convenience items or items not intended primarily for the use of the covered person while confined inpatient. This benefit is not paid if benefits are paid under the daily hospital intensive care benefit.

Daily hospital intensive care and miscellaneous hospital services inpatient indemnity benefit
The daily hospital intensive care benefit is paid for each day of inpatient confinement in the hospital’s intensive care or cardiac care unit, burn unit or other specialized care unit of a hospital. Benefit includes hospital miscellaneous medical services and supplies, x-rays, laboratory tests and other diagnostic tests, chemotherapy or radiation services for the treatment of cancer, services of a radiologist or radiology group and for services of a pathologist or pathology group for interpretation of diagnostic tests or studies necessary for the treatment of the covered person while confined inpatient. This benefit does not include fees charged for take-home drugs, personal convenience items or items not intended primarily for the use of the covered person while confined inpatient. This benefit is paid in lieu of the daily hospital room and board benefit.

Surgeon benefit
The surgeon benefit is paid per surgery and is based on whether it was performed while admitted as an inpatient or performed at an outpatient surgical facility. If two surgeries are performed through the same incision, then 100 percent of the surgeon benefit is paid for the first surgery and 50 percent of the surgeon benefit is paid for the second and subsequent surgeries. If two surgeries are performed through different incisions, then 100 percent of the surgeon benefit is paid for each surgery.

Assistant surgeon benefit
The assistant surgeon benefit is paid for services rendered by an assistant surgeon or by a licensed surgical assistant who is performing duties within the scope of his or her license. The benefit is paid per surgery and is based on whether the surgery was performed while admitted as an inpatient or performed at an outpatient surgical facility.

Anesthesiologist benefit
The anesthesiologist inpatient benefit or the anesthesiologist outpatient benefit is paid per surgery when a covered person receives anesthesia. The benefit paid is based on whether the
related surgery was performed while admitted as an inpatient or performed at an outpatient surgical facility.

**Outpatient surgical facility benefit**
The outpatient surgical facility benefit is paid per outpatient surgery in an outpatient surgical facility and includes services and supplies furnished by the facility, such as use of the operating and recovery rooms, administration of drugs and medicines during surgery; dressings, casts, splints and diagnostic services including radiology, laboratory or pathology performed at the time of surgery. Benefits are not payable when surgery is performed in a physician’s office.

**Outpatient chemotherapy and radiation therapy for cancer treatment benefit**
The outpatient chemotherapy and radiation therapy for cancer treatment benefit is paid per outpatient treatment for chemotherapy, including chemotherapy medication and radiation therapy for the treatment of cancer, limited to a lifetime maximum benefit of 100 treatments.

**Second surgical opinion office visit benefit**
This benefit pays $100 for a second surgical opinion prior to the surgery. If the second surgical opinion disagrees with the first opinion, a $100 second surgical opinion benefit will be paid for a third opinion. The benefit is only payable if the physicians providing the second and third opinions are not affiliated with each other or the original physician who will perform the surgery, or financially associated with the original physician, and do no assist in the surgery.

**Hospital definition**
A hospital is an institution that: operates pursuant to law; has 24-hour nursing services by registered nurses; has a staff of one or more doctors; provides inpatient therapeutic and diagnostic services for illness or injury; provides facilities for major surgery or has a formal arrangement with another institution for surgical facilities; and is approved by the Joint Commission on the Accreditation of Health Care Facilities as a Hospital (JCAHO); the American Hospital Association (AHA); the American Osteopathic Healthcare Association (AOHA); the American Osteopathic Association accreditation (AOA); or the Commission on Accreditation of Rehabilitation Facilities (CARF) accreditation.

The definition of a hospital does not include: A rest or nursing home, home for the aged or convalescent home; a skilled nursing facility; an extended care facility; hospice; a place for custodial care; or a birthing center.

**Pre-existing condition definition and limitation**
A pre-existing condition is a disease, accidental bodily injury, illness or physical condition for which a covered person: had treatment; incurred charge; took medication; or received a diagnosis or advice from a doctor; during the 12-month period immediately preceding the insured person’s coverage effective date.

Covered benefits are payable for a pre-existing condition after the insured person has been continuously covered under the policy for 12 consecutive months. This does not apply to a newborn or newly adopted child placed for adoption under age 18 if such child is enrolled for coverage within 31 days from the date of birth or date of adoption or placement for adoption.
Exclusions
Consult the certificate of insurance for a complete list of exclusions and description of the benefits not covered.

Except as specifically provided for in the policy, the plan does not provide any benefits when a covered person receives any of the following treatments, services or supplies:

• A pre-existing condition, as defined
• Preventive care, including routine physical examinations and immunizations (unless the optional Preventive Care Benefit rider is shown as included on the schedule of benefits)
• Treatment that is not medically necessary or not recommended by a doctor, or is not due to an injury or illness
• Any treatment provided by a government-owned or government-operated facility or by government-employed health care providers
• A weekend hospital confinement occurring between noon on any Friday and noon the following Sunday for non-emergency procedures, unless medically necessary or unless surgery is scheduled for the next day
• An illness or injury which arises out of or in the course of any employment for wage or profit or an illness or injury for which you or your covered dependent spouse has or had a right to recovery under any Workers’ Compensation Law or Occupational Disease Law. This exclusion does not apply to an employment related injury or illness if you or your covered dependent spouse is a sole proprietor, partner, or owner eligible under state law to legally elect not to be covered under workers’ compensation and who is not insured under, and who does not have or had a right to recovery for such employment related injury or illness under any Workers’ Compensation Law or Occupational Disease Law.
• Physical or psychological examinations required by any third party, such as by a court or for employment, licensing, insurance, school, sports or recreational purposes
• An injury or illness incurred while on active duty with the military of any country or international organization, or resulting from war, act of war or participation in a riot or insurrection
• An injury or illness incurred during the commission or attempted commission of a crime or felony or while engaged in an illegal act or while imprisoned
• An injury or illness, incurred due to, or contracted as a consequence of a covered person being intoxicated or under the influence of illegal narcotics or other drugs, unless the drug is administered by a doctor and taken in accordance with the prescribed dosage
• An injury or illness for which treatment, services or supplies were received or purchased outside the United States unless the charges are incurred while traveling on business or for pleasure, for a period not to exceed 90 days, and the charges are incurred for an emergency, provided the treatment, services or supplies used in connection with the emergency are approved for use in the United States
• Treatment, services or supplies for (a) breast augmentation; (b) the removal of breast implants unless medically necessary and related to surgery performed as reconstructive surgery due to an illness; and (c) breast reduction surgery unless medically necessary due to an illness
• Surgery to correct refractive errors
• Routine eye exams, glasses or contact lenses, or visual therapy
• Routine hearing exams or hearing aids
• Penile implants and fertility and sterility studies
• Voluntary abortion; infertility including impregnation techniques; or reversal of sterilization
• Mental illness disorders; substance abuse; tobacco-cessation programs and products
• Marriage or family counseling, recreational therapy, equine therapy, educational therapy, social therapy, sex therapy; or sexual reassignments, dysfunctions or inadequacies
• Meridian therapy (acupuncture), or spinal manipulation
• Orthotics; treatment, services or supplies related to the feet by means of posting, strapping or range-of-motion studies; or related to paring or removal corns, calluses, bunions or toenails
• Obesity or weight reduction including all forms of surgery and complications resulting from such surgery; education or training material
• Treatment for which the covered person is not required to pay; or treatment rendered by a person who ordinarily resides in your household or a member of your immediate family
Exclusions Cont.
- Custodial care, domiciliary care or rest cures regardless of who prescribes or renders such care; inpatient personal convenience items
- An injury or illness resulting from participation in hazardous avocations including: mountain or rock climbing, skydiving, hang gliding, motor vehicle racing, scuba diving, rodeo or private aviation
- Telephone consultations, missed appointment fees and fees for completing claim forms
- Treatment, services or supplies for complications of conditions that are not covered under the policy
- Outpatient prescription medications
- Treatment, services or supplies related to the teeth gums, or any other associated structures
- Treatment for temporomandibular joint (TMJ) dysfunction
- Experimental or investigational procedures, drugs or treatment methods
- Intentionally self-inflicted injury or illness while sane; except a self-inflicted injury or illness that is the result of a medical condition
- Outpatient treatment, services and supplies except as specifically provided for in the policy
- Physical, speech or occupational therapy

Communicating for America, Inc.
Communicating for America, Inc. (CA) is a national non-profit advocacy organization that supports affordable healthcare for all Americans. Since 1972, more than 100,000 consumers have trusted CA to help them find affordable health insurance and Gap plans to stretch their healthcare dollar while advocating on their behalf with insurance companies, regulators and lawmakers.

America’s Business Benefit Association
America’s Business Benefit Association (ABBA) is a national, not-for-profit association that provides individuals, small businesses and self-employed consumers with business benefits, services and health-related options, including access to valuable association-endorsed health insurance benefits.

The association insurance products included in ABBA and CA memberships are underwritten by Madison National Life Insurance Company, Inc. (MNL), a Wisconsin insurance company. Madison National Life Insurance Company, Inc. is a member of The IHC Group. Not available in all states. Exclusions and limitations apply. Benefits terminate on the date the covered person attains age 70. Benefits are offered at the sole discretion of ABBA or CA and may vary by vendor or state. There is no ownership affiliation between ABBA, CA and MNL.

About Independence American Insurance Company
Independence American Insurance Company is domiciled in Delaware and licensed to write property and/or casualty insurance in all 50 states and the District of Columbia. Its products include short-term medical, hospital indemnity, fixed indemnity limited benefit, group and individual dental, and pet insurance. Independence American is rated A- (Excellent) for financial strength by A.M. Best Company, a widely recognized rating agency that rates insurance companies on their relative financial strength and ability to meet policyholder obligations (an A++ rating from A.M. Best is its highest rating).

About The Loomis Company
The Loomis Company (Loomis), founded in 1955, has been a leading Third Party Administrator (TPA) since 1978. Loomis has strategically invested in industry leading ERP platforms, and partnered with well-respected companies to enhance and grow product offerings. Loomis supports a wide spectrum of clients from self-funded municipalities, school districts and employer groups, to large fully insured health plans who operate on and off state and federal marketplaces. Through innovation and a progressive business model, Loomis is able to fully support and interface with its clients and carriers to drive maximum efficiencies required in the ever evolving healthcare environment.
About eHealth

eHealth, Inc. (NASDAQ:EHTH) owns eHealth.com, a leading private online health insurance exchange where individuals, families and small businesses can compare health insurance products from leading insurers side by side and purchase and enroll in coverage online. eHealth offers thousands of individual, family and small business health plans underwritten by many of the nation’s leading health insurance companies. eHealth (through its subsidiaries) is licensed to sell health insurance in all 50 states and the District of Columbia. eHealth also offers educational resources and powerful online and pharmacy-based tools to help Medicare beneficiaries navigate Medicare health insurance options, choose the right plan and enroll in select plans online through Medicare.com (www.Medicare.com), eHealthMedicare.com (www.eHealthMedicare.com) and PlanPrescriber.com (www.PlanPrescriber.com).

About The IHC Group

Independence Holding Company (NYSE: IHC) is a holding company that is principally engaged in underwriting, administering and/or distributing group and individual disability, specialty and supplemental health, pet, and life insurance through its subsidiaries since 1980. The IHC Group (including through its 92% ownership of American Independence Corp. (NASDAQ: AMIC)) owns three insurance companies (Standard Security Life Insurance Company of New York, Madison National Life Insurance Company, Inc. and Independence American Insurance Company), a majority of Ebix Health Administration Exchange, Inc., a fully insured third party administrator, and IHC Specialty Benefits, Inc., which is a technology-driven insurance sales and marketing company that creates value for insurance producers, carriers and consumers (both individuals and small businesses) through a suite of proprietary tools and products (including ACA plans and small group medical stop-loss). All products are placed with highly rated carriers. “IHC” and “The IHC Group” are the brand names for plans, products and services provided by one or more of the subsidiaries and affiliate member companies of The IHC Group (“IHC Entities”). Plans, products and services are solely and only provided by one or more IHC Entities specified on the plan, product or service contract, not The IHC Group. Not all plans, products and services are available in each state.

This brochure provides a very brief description of the important features of Fixed-Benefit Indemnity Insurance. This brochure is not a certificate of coverage and only the actual certificate provisions will control. The certificate itself sets forth in detail the rights and obligations of both the certificate holder and the insurance company. It is, therefore, important that you READ THE CERTIFICATE CAREFULLY. For complete details, refer to the Certificate Form #IAIC HICERT D610 (may vary by state).
