What are the Facts?

Here are some of the most frequently asked questions about the Core Health Hospital Fixed Indemnity Insurance

Q. Do I need to complete a health questionnaire to qualify for coverage?

No, you do not. Core Health Hospital Fixed Indemnity and Group Accident Insurance are not health insurance. Coverage is Guaranteed Issue for members of the AUIIC.

Q. How is this plan different from an Affordable Care Act (ACA) plan?

Core Health Hospital Fixed Indemnity and Group Accident Insurance is designed to be a supplement to health insurance. Hospital Fixed Indemnity Insurance pays a fixed dollar amount to the patient or the provider, if benefits are assigned, for named medical expenses. Group Accident Insurance provides additional insurance benefits in case of an Accident. Policies are not major medical insurance and do not meet the standards set for minimum essential coverage by the ACA. Without minimum essential coverage, you may be subject to a tax penalty.

Q. What is Guaranteed Issue (a/k/a Guaranteed Acceptance)?

Guaranteed issue is a term used in insurance to describe a situation where a policy is offered to any eligible applicant without regard to health status.

Q. What is the difference between Major Medical and Hospital Fixed Indemnity Insurance?

Major Medical provides comprehensive and catastrophic coverage with unlimited lifetime limits of coverage. Because the cost of medical services continues to rise, many major medical insurance companies have increased the out-of-pocket costs for consumers, making the everyday cost of healthcare to be at times unaffordable.

Hospital Fixed Indemnity and Group Accident Insurance provides coverage for everyday illness/sickness and accidents at affordable rates by offering specific benefits with capped limits of coverage. These plans are useful in many situations:

Save money by supplementing current Major Medical - If you already have a Major Medical plan you can save money by increasing your current plan's deductible (out-of-pocket). Then take advantage of the Core Health Insurance's value for your everyday healthcare needs. The "Physician" plan covers office, wellness visits, x-ray/lab and accident benefits at an affordable price.

Q. What does "Pre-Existing Condition" Mean?

This means a medical condition, Injury or Sickness, not excluded by name or specific description, for which medical advice, consultation, care, diagnosis, or treatment as recommended by, or received from, a doctor with 12 months (Look Back Period) immediately prior to the Effective Date of coverage for a Covered Person. A consultation means evaluation, diagnosis, or medical advice given without the necessity of a personal examination or visit. Hospital, ICU/CCU, Surgery and Anesthesia benefits are not provided for Pre-Existing Conditions in the first 12 months of coverage. (This limitation only applies to the Hospital Fixed Indemnity Policy Benefits.)

Q. What is a "Look Back Period"?

This is the amount of time that is designated by where treatment, care or consultations have been mandated by your state, of which you reside in, and is the minimum number of months prior to effective date that medical records will be requested from a doctor and or facility.

Q. How do I file a claim if I have paid the claim myself?

If you have paid your medical bill in full, you can file a claim yourself to receive reimbursement. Simply log onto www.InsuranceTPA.com to obtain a claim form and instructions on how to file a claim independently.

Q. Can I use any doctor, clinic, or hospital?

Yes. Covered members and dependents can use any licensed medical provider. However, you may receive significant savings by seeking care from a provider that is a member of the MultiPlan Network.

Q. Is there a waiting period?

Yes. This plan has a 30 day Waiting Period for any Illness or Sickness claims.

UNITED STATES FIRE INSURANCE COMPANY LIMITATIONS AND EXCLUSIONS APPLICABLE TO BOTH THE HOPITAL FIXED INDEMNITY AND GROUP ACCIDENT POLICIES UNLESS OTHERWISE NOTED

Important Information

This brochure provides a very brief description of the important features of Hospital Fixed Indemnity Insurance. This brochure is not a certificate of coverage and only the actual certificate provisions will control. The certificate itself sets forth in detail the rights and obligations of both the certificate holder and the insurance company. It is, therefore, important that you READ THE CERTIFICATE CAREFULLY.

THIS IS A SUPPLEMENT TO HEALTH INSURANCE AND IS NOT A SUBSTITUTE FOR THE MINIMUM ESSENTIAL COVERAGE REQUIRED BY THE AFFORDABLE CARE ACT (ACA) LACK OF MAJOR MEDICAL COVERAGE (OR OTHER MINIMUM ESSENTIAL COVERAGE) MAY RESULT IN AN ADDITIONAL PAYMENT WITH YOUR TAXES.

MDLIVE®

MDLIVE allows for families to avoid long waits and eliminates cost associated with potentially unnecessary visits to the ER or Urgent Care. It provides access to a doctor when your family doctor is unavailable. This national network is available 24/7, including holidays, to provide quality, affordable care.

How It Works

By Phone:

- Member calls the toll-free hotline that is available 24/7/365
- A care coordinator evaluates the health issue to determine if telehealth is appropriate and redirects the patient to a doctor if appropriate
- Once an available provider is located, the system automatically calls and connects the member with a doctor

By Video Conference:

- Member signs into the website and signs in using their username and password
- The system helps the member to determine if telemedicine is appropriate
- The system searches for a provider using criteria such as specialty, language, gender, and location
- Once an available provider is located, the system automatically connects the member and doctor via the online portal

Doctor Access

MDLIVE doctors are always on call, including nights and weekends. No more waiting days or even weeks to see your doctor.

Common Symptoms Treated

Allergies, asthma, cold, flu, fever, headache, rashes, diarrhea, joint or muscle aches, urinary tract infections, vomiting, infections, nausea, pink eye, sore throat, and more

Freedom of Choice

All doctors are Board Certified, with an average of 15 years experience. 2,300+ doctors from which to choose. Average wait for an appointment is approximately 22 minutes.

Save Time and Money

ER visits can be costly. Your monthly MDLIVE service fee allows for unlimited consultations. MDLIVE has a mobile app to help members schedule appointments and maintain records.
