

Telemedicine

The IHC Group's Telemedicine helps manage healthcare costs with three great benefits. The cost for Telemedicine is just \$13.50/month for single benefits or \$15.50/month for families.

Talk to a doctor anytime! Consult = \$0. Teladoc connects you 24/7/365 to a national network of board-certified doctors who average 15 years' experience. Within minutes, a doctor will call you back ready to listen and resolve your issue. If medically necessary, a prescription will be sent to your pharmacy of choice. It's healthcare in the palm of your hand.

American Hearing Benefits (AHB) will help you and your family members take care of your hearing with access to free hearing consultations and significant discounts on hearing aids. Telemedicine is NOT insurance. This plan provides discounts at certain healthcare providers for medical services. This plan does not make payments directly to the providers of medical services. The plan member is obligated to pay for all healthcare services but will receive a discount from those healthcare providers who have contracted with the discount plan organization. This is not qualifying health coverage (“Minimum Essential Coverage”) that satisfies the health coverage requirement of the Affordable Care Act. If you don’t have Minimum Essential Coverage, you may owe an additional payment with your taxes. Administrative services for this product are provided by The Loomis Company.
