Get cash to help pay for dental checkups and treatment

Regular dental care can mean more than a brighter smile – it could also mean better overall health. Dental coverage from Assurant pays cash benefits when you have dental checkups and treatment – making it easier to keep up with regular visits to the dentist and lead a healthier life.

Diane's story

Diane has always taken care of her teeth and faithfully visits her dentist every six months. Her Dental Coverage Plus plan helps by paying \$100 for each preventive visit. However, it was in the second year of her plan that she saw its real value. Without any warning, one of her teeth cracked requiring a root canal and a crown.

With a Dental Coverage Plus Plan, Diane received benefits totaling **\$835**. The cash made it easier to pay for the work, so she had it done when she needed it, instead of putting it off and risking a more serious problem. After her benefit was paid, Diane still had **\$665** of Basic and Major Services benefits remaining for the year – just in case there were any more dental surprises.

**Sample premium rate of \$35.40 a month is based on a Dental Coverage Plus plan for a 30-year-old residing in North Carolina.*

Diane and her husband paid less than \$92/month for Plus dental coverage.

Not an actual case — presented for illustration only. Actual services and benefit may vary. Sample premium rate is for dental coverage - Plus for two adults, age 50, residing in Illinois.

Save even more with Careington Discount Card!

If Diane visits a **Careington** dentist, she can save **20% – 50%** on major dental services like crowns.

Major Services

A year and a half into the plan, Diane needs a crown. After the first policy year, payments are 100% of the per-service benefit.

In most states, there is a 180-day waiting period on major services. After the waiting period, payments are 50% of the per-service benefit for the remainder of the first policy year. After the first year, payments are 100% of the per-service benefit
