However, the contract language stands alone and the complete terms of the coverage will be determined by the policy.

UnitedHealthcare Choice Plus network

Our nationwide network of doctors and hospitals provides you with great value for your health care dollars. Our network providers offer quality care at a significant discount, costing you less. Getting your non-emergency care from a doctor or hospital not in our network will cost you more.

Sample Savings with our network (Services provided 03/2014-08/2014)¹

Receive quality care at reduced costs because our network providers have agreed to lower fees for covered expenses. Here are some examples of the savings:

Benefit	Actual Charges	Network Repriced Charges	Network Savings
Doctor Office Visit - established patient	\$74.70	\$43.29	42%
MRI	\$939.14	\$316.00	66%
Lipid Panel (Cholesterol)	\$35.69	\$4.33	88%
CBC (Complete Blood Count)	\$32.92	\$5.17	84%
Metabolic Panel (Blood sugar/kidney and liver function)	\$25.38	\$3.54	86%
General Panel (General blood work)	\$175.30	\$18.73	89%

Non-emergency covered expenses

Using non-network providers you pay:²

- All charges above what is considered an eligible expense;
- A penalty of 25% of the eligible expense, which does not count toward the deductible; and
- A deductible equal to 2 times the network deductible.

There is no out-of-pocket maximum for non-network providers.

¹ All these services were received from network providers in ZIP Code 730--. Your actual savings may be more or less than this illustration. Discounts vary by provider, geographic area, and type of service.

² Also your actual out-of-pocket costs may be more than the stated coinsurance because the bill from a non-network provider may not be used to calculate what we pay and what you pay. Considering these factors, seeing in-network providers can result in a savings for what you pay for your health care.

How our plans work

- You can receive care from any doctor or hospital in the network.
- If you're looking for a specialist, no referral is needed.
- You receive maximum benefits from the plan when you use network providers.

Using a non-network doctor or hospital for non-emergency care will cost you more. See "Non-emergency covered expenses" on page 3 and "Non-Network Penalty" on page 20 for details.

This insurance coverage is not designed or marketed as employer-provided insurance. It does not comply with Virginia small-employer group health insurance laws. These plans cannot be used, now or in the future, by you or an employer to provide insurance for employees.

Health Care Definitions

Note: These definitions are provided only to give you a general understanding of how these words are sometimes used by health insurance companies. Please refer to your coverage documents for a complete list of defined terms that apply to your specific coverage.

benefit - A service or supply that is covered under a health insurance plan. This might include office visits, lab tests, and procedures during the course of treatment.

coinsurance - Your share of the costs of a covered health care service, calculated as a percent (for example, 20%) of the eligible expense for the service. You pay coinsurance after you pay your deductible.

complications of pregnancy - Severe conditions due to pregnancy, labor, and delivery that require medical care to prevent serious harm to the health of the mother or the fetus. Morning sickness and elective caesarean section are not complications of pregnancy.

copay/copayment - A fixed amount (for example, \$35) you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of covered health care service.

deductible - The amount of money you owe for health care services your health insurance covers before your health insurance or plan begins to pay.

eligible expenses - Maximum amount on which payment is based for covered health care services. This may also be called "allowed amount," "payment allowance," "negotiated rate," or "covered expense."

emergency services - Evaluation of an emergency medical condition and treatment to keep the condition from getting worse.

excluded services - Health care services that your health insurance doesn't pay for or cover.

limitation - The most, in terms of cost and services, a health plan will cover.

minimum essential coverage - The type of coverage an individual needs to have to meet the individual responsibility requirement under the Affordable Care Act (ACA).

network - The facilities, providers, and suppliers your health insurer or plan has contracted with to provide health care services.

network provider - A provider who has a contract with your health plan's network to provide services to you at a discount.

non-network provider - A provider who doesn't have a contract with your health plan's network. You'll pay more to see an out-of-network provider for non-emergency services. This may also be called an "out-of-network provider."

premium - The amount that must be paid for your health insurance. You usually pay it monthly or quarterly.

prescriptions/Rx drugs - Drugs and medications that by law require a prescription.

urgent care center - A facility, not including a hospital emergency room or doctor's office, that provides treatment or services that are required: (a) to prevent serious deterioration of a covered person's health; and (b) as a result of an unforeseen illness, injury, or the onset of acute severe symptoms.

A Copay Plan Offers You:

- Convenient doctor office copays.
- Prescription drug coverage.*
- Pediatric dental and vision coverage. See page 16.

The benefits described here are for covered expenses using network providers. In order for some benefits to be covered at the highest level, Prior Authorization is required. Prior Authorization Required

Network providers are responsible for obtaining Prior Authorization for most services. However, before receiving the services or supplies listed below, you are required to call the notification phone number on your I.D. card. Without Prior Authorization, **benefits are reduced by 20%**. Prior Authorization does not guarantee payment.

You must call before receiving the services or supplies below.

Ambulance, non-emergency	As soon as possible.
Clinical Trials	As soon as the possibility arises.
Dental Services – injuries only (for post-emergency treatment)	5 business days before follow-up treatment.
Pediatric Orthodontic Services	30 days prior to treatment. Failure to obtain Prior Authorization may result in the denial of claim rather than the 20% benefit reduction.
Transplants	As soon as the possibility arises and before pre-transplant evaluation at transplant center. See Transplant Services on page 17.

You must call for non-network providers of the services and supplies below.

Service or Supply	Using a non-network provider, you must call:
Diabetes Services	For services, supplies, or equipment exceeding \$1,000.
Durable Medical Equipment	For services, supplies, or equipment exceeding \$1,000.
Home Health Care	5 business days before receiving services or as soon as possible.
Inpatient Hospice Care	5 business days before inpatient admission or as soon as possible.
Inpatient Hospital Stay	5 business days before scheduled admission. For non-scheduled admission, including emergency admission: as soon as possible.

Outpatient Surgery	5 business days prior to scheduled services. For non-scheduled services: within 1 business day or as soon as possible.
Pregnancy and Delivery	For normal vaginal delivery: as soon as possible if inpatient stay for mother and/or newborn will be more than 48 hours after delivery. For caesarean section: as soon as possible if inpatient stay will be more than 96 hours following delivery.
Reconstructive Surgery	5 business days prior for outpatient surgery. For non-scheduled surgery: 1 business day or as soon as possible.
Rehabilitation and Extended Care Facility Services	5 business days prior or as soon as possible for outpatient or inpatient services.
Temporomandibular Joint (TMJ) Services	5 business days prior to an inpatient hospital stay.
Therapeutic Treatments: Dialysis and certain radiation and ultrasound treatments	5 business days prior to treatment. For non-scheduled services: within 1 business day or as soon as possible.

Certain outpatient prescription drugs require Prior Authorization before dispensing. Your doctor's office or pharmacist should call to receive the Prior Authorization. Failure to receive Prior Authorization will result in reduced benefits or no benefits.

Covered Expenses that apply to all plans

Subject to all policy provisions, the following expenses are covered. To be considered for reimbursement, expenses must qualify as covered expenses. Expenses are subject to eligible expense limits unless you use a network provider. Please review the detailed plan information on pages 12-20.

Preventive Care Benefits

Preventive services are covered without a deductible, copay, or coinsurance, when a network provider is used.

Covered preventive services are those services described in one of the following:

- United States Preventive Services Task Force recommendations (A and B only).
- Advisory Committee on Immunization Practices (ACIP) recommendations.
- Health Resources and Service Administration guidelines for women and children.

The following are some examples of these benefits. Please note, however, these may change as the recommendations and guidelines change.

Preventive Benefits for All Covered Persons:

- Annual wellness visits.
- Standard immunizations recommended by the ACIP.
- Screening and counseling in a primary care setting for alcohol or substance abuse, tobacco use, obesity, and diet and nutrition.
- Specific screenings (e.g., PSA (men only), colorectal cancer, elevated cholesterol, lipids, sexually transmitted diseases, HIV, high blood pressure, diabetes, and depression).

Preventive Benefits for Women:

- Breastfeeding support, supplies, and counseling.
- Evaluation and testing for breast cancer BRCA gene.
- Counseling women at high risk of breast cancer for chemoprevention.
- Contraceptive services.
- Some contraceptive prescriptions are covered under preventive at no cost. Copay plans limited to Tier 1 only.
- Screening and counseling for HIV.

- Human papillomavirus DNA Testing.
- Screening and counseling for interpersonal and domestic violence.
- Some prenatal care.
- Counseling for sexually transmitted infections.
- Specific screenings (e.g., mammography, cervical cancer including pap smears, gonorrhea, chlamydia, syphilis screenings, and osteoporosis screening).

Preventive Benefits for Children:

- Counseling for fluoride treatment.
- Screening for major depressive disorders.
- Standard metabolic screening panel for inherited enzyme deficiency diseases.
- Screening for newborns (e.g., hearing, thyroid, phenylketonuria, and sickle cell anemia).
- Counseling for obesity.
- Specific screenings (e.g., vision, developmental, autism, lead, and tuberculosis).

The Affordable Care Act (ACA) does not require first-dollar coverage for diagnostic services. A diagnostic service is performed on someone who exhibits symptoms that require further testing or diagnosis.

A preventive service is performed on someone who does not have symptoms (the service is done for “preventive” reasons). As new recommendations and guidelines are issued, those services will be considered covered expenses when required by the United States Secretary of Health and Human Services, but not earlier than one year after the recommendation or guideline is issued. The timing of these changes may vary based on the implementation of the laws requiring the change. Visit www.healthcare.gov for complete information.

General Limitations

When using a network physician or facility, non-covered expenses may not be eligible for a network provider discount.

Continued Eligibility Requirements

A covered person's eligibility will end:

- On the date that a covered person accepts any direct or indirect contribution or reimbursement by or on behalf of any health care provider or any health care provider sponsored organization for any portion of the premium for coverage under the policy; or
- When the primary insured no longer lives, works, or resides within the service area.

A dependent's eligibility ends when he or she ceases to be your dependent due to divorce or no longer meeting eligibility requirements. The dependent will be covered until the end of the premium period in which either of these cases occurs.

Dependents

For purposes of this coverage, eligible dependents are your lawful spouse and the eligible children of you or your spouse. An eligible child must be under age 26 to apply and may remain covered up until he or she turns age 26.

A "child" may be: (A) a natural child; (B) a legally adopted child; (C) a child placed with you for adoption; or (D) a child for whom legal guardianship has been awarded to you or your spouse.

Eligible Expense

An eligible expense means a covered expense as follows:

- **For Network Providers:** The contracted fee for the provider.
- **For Non-Network Providers:** As defined in the policy.

Emergency

A medical condition with acute symptoms that are severe enough (including severe pain) that a prudent person, with average knowledge of health and medicine, could reasonably expect that without immediate medical attention: the health of the covered person (if pregnant, the health of the mother or unborn child) would be in serious jeopardy; bodily functions would be seriously impaired; or serious dysfunction of a body part or organ would result.

Provisions that apply to all plans, continued

Non-Network Penalty

For non-emergency care received from Non-Network

Providers you pay: (a) all charges above what is considered an eligible expense; (b) a penalty of 25% of the eligible expense, which does not count toward the deductible (this does not apply to pediatric dental); and (c) a deductible amount equal to 2 times the network deductible. There is no out-of-pocket maximum for non-network providers. Also your actual out-of-pocket costs may be more than the stated coinsurance because the bill from a non-network provider may not be used to calculate what we pay and what you pay.

Premium

You are responsible for your premium. Payment must be made directly to our office. We may change the premium rates on January 1 of each calendar year. We will give you at least 75 days notice prior to the date of the change. Some of the factors used in determining your premium rates are the policy plan, tobacco use status, type and level of benefits, place of residence on the premium due date, and age of covered persons as of the effective date or renewal date of coverage. Premium rates are expected to increase over time.

Renewability

You may renew your coverage by paying the premium as it comes due. We may refuse to renew if: (a) you fail to pay the premium; (b) we do not renew all policies just like yours for everyone in the state where you then live; or (c) there is fraud or a material misrepresentation made by or with knowledge of a covered person in the filing of a claim for benefits.
