“MY PLAN?

without worrying about taking a sick day.”

WE HAVE A PLAN FOR YOUR PLAN.
“OUR PLAN? 
To discover exciting things ahead. 
Knowing we’re both covered for what’s around the corner.”

WE HAVE A PLAN FOR YOUR PLAN

Are you prepared for what’s next? 
You’re at a stage in life some people call “a new beginning.” And no matter what you have planned for what’s ahead, the decisions you make now about your health will ultimately affect your family, lifestyle and dreams for the future. If you lack health insurance, one accident or illness can have a disastrous effect on your financial health as well. That’s why there’s Medica Encore. So you can protect what’s important. Your health. And all those plans you’ve made.
Are you eligible?
Medica Encore is self-only coverage — you can buy it for yourself or for a dependent. And the application process is simple and straightforward. You are asked questions about the health history of the person seeking coverage, then this information is used during the underwriting process. For example, if you are a smoker, overweight, or have certain health factors, you may pay more, or may not be offered coverage.

To be eligible for Medica Encore, you must be:
• Aged 3 months to 64 years
• A U.S. citizen or permanent resident (in accordance with U.S. immigration laws)
• A Minnesota resident (physically residing in Minnesota for at least 6 months per year)
• In general good health
• Ineligible for Medicare

Enrolling is easy.
Our goal is to make the application process easy for you. All you have to do is follow these steps:
• Complete the application in its entirety
• Sign and date the application (Note: your application cannot be signed more than 60 days before the requested effective date)
• Include a cash or money order for your first month’s premium payment

If your application is accepted, we will notify you of the date your coverage starts. If we cannot currently offer you coverage, we will return your premium payment. Please allow up to three to four weeks for processing your application.

Medica Encore is self-only coverage. A separate application is required for each person applying.

We have you covered.

Medicare Encore covers the first $400 you spend each year on routine examinations such as physicals. But that’s not the only way we have you covered. We also offer a smoking cessation program and a 24-hour nurse line. Prenatal care is included; however, the plan does not cover maternity care, labor and delivery or post-partum care. This is a simple summary of coverage, so look at the policy on medica.com for details.

*You receive the highest level of benefits and the lowest out-of-pocket costs when you use a network provider. If you choose to receive services from a non-network provider, you will be responsible for the deductible and the difference between Medica’s non-network reimbursement amount and the non-network provider’s billed charges. The difference between Medica’s non-network reimbursement amount and the non-network provider’s billed charges does not apply to your deductible or your out-of-pocket maximum.

Pre-existing conditions that you had within the six months before your enrollment date may not be covered during the first 18 months following your enrollment date. However, if you have maintained continuous health care coverage, the pre-existing limitation applies during the first 12 months following your enrollment date. In addition, this 12-month period may be reduced by the amount of time you maintained qualifying coverage before your enrollment date.

"OUR PLAN?
To go where the wind takes us… Knowing we have a good safety net for our health."

WE HAVE A PLAN FOR YOUR PLAN.
Your provider is your choice. With Medica Encore, you may see the medical provider of your choice. In fact, more than 96% of Minnesota providers are in our network. Of course, you receive the highest level of benefits and lowest out-of-pocket costs when you use providers that are part of the Medica network. If you choose to receive services or supplies from a non-network provider, you are responsible for any deductible, co-insurance or co-payment owed, as well as the difference between Medica’s non-network reimbursement amount (generally based on a fee schedule) and the charges billed by the non-network provider.

What else do I need to know?

Prenatal Care
Medica Encore provides benefits for prenatal care services.

Maternity Care
Medica Encore does not cover maternity care services, which include maternity labor and delivery services, and post-partum care services.

Deductibles
Beginning July 1, 2009, all Medica Encore members are subject to an annual increase of their calendar year deductible and calendar year out-of-pocket maximum. This increase will never be greater than the Consumer Price Index (CPI), which is the federal measure of the rate of inflation.

The maximum amount the guaranty association will pay for all policies issued on one life by the same insurer is limited to $300,000 in health insurance benefits, including any net cash surrender and net cash withdrawal values for life insurance, $300,000 in present value of annuity benefits for annuities which are part of a structured settlement or for annuities, regardless of which periodic annuity benefits, a period of not less than theannuitant’s life, a period certain of not less than ten years, or if no coverage limit has been specified for a covered policy or benefit, the coverage limit shall be $300,000 in present value. Unallocated annuity contracts issued in retirement plans, other than defined benefit plans, established under section 401, 403(b), or 457 of the Internal Revenue Code of 1986, as amended through December 31, 1992, are covered up to $100,000 in net cash surrender and net cash withdrawal values, for Minnesota residents covered by the plan, provided, however, that the association shall not be responsible for more than $7,500,000 in claims from all Minnesota residents covered by the plan. If total claims exceed $7,500,000, the $7,500,000 shall be prorated among all claimants. These are the maximum claim amounts. Coverage by the Guaranty Association is also subject to other substantial limitations and exclusions and requires continued residency in Minnesota. If your claim exceeds the maximum payment limit, you can still recover a part or all of that amount from the proceeds of the liquidation of the insolvent insurer, if any. Funds to pay claims may not be immediately available. The Guaranty Association assesses insureds licensed to sell life and health insurance in Minnesota after the insolvency occurs. Claims are paid from this assessment.

The coverage provided by the Guaranty Association is not a substitute for care in selecting insurance companies that are well managed and financially stable. In selecting an insurance company or policy, you should not rely on coverage by the Guaranty Association.

This notice is required by Minnesota state law to advise policyholders of life, annuity, or health insurance policies of their rights in the event their insurance carrier becomes financially insolvent. This notice no way implies that the company currently has any type of financial problems. All life, annuity, and health insurance policies are required to provide this notice.
