

Hi, we're Oscar.  
A new kind of  
health insurance  
company.

oscar

Health insurance for everyone.

oscar

We wanted a  
health insurance  
company that  
worked better.  
So we built one.

Oscar is a new kind of health insurance company. We think health insurance should be simple, smart, intuitive, and friendly.

We use technology to guide you to better care, keep track of your medical history in a personalized timeline, and help you find the best doctors in your area.

Our plans give you coverage from head to toe, along with great benefits to keep you healthy and save you money. Speak to a board-certified doctor over the phone anytime for free or talk to our healthcare experts whenever you have questions about your plan. It's like having a doctor in the family.

And guess what? **There's even more.**

# When it comes to provider networks, access is everything.

That's why Oscar includes many of the area's best providers and hospitals—we have extensive networks in the New York metro area and nine counties in New Jersey.

NY

Manhattan, Brooklyn, the Bronx, Queens, Staten Island, Rockland County, Westchester County, Nassau County, and Suffolk County

NJ

Bergen, Passaic, Morris, Union, Essex, Hudson, Ocean, Middlesex, and Monmouth counties

Benefits to  
keep you happy  
and healthy.

## Free preventive care

Checkups, mammography, well-woman visits, and some birth control.

## Free generic prescriptions

Almost all generic drugs are free with most plans.

## Free primary care doctor visits

Up to three depending on the plan.

## Immunizations

Get free vaccinations for the flu, tetanus, HPV, and more.

## Unlimited Doctor on Call

Free calls with our doctors, 24/7.

## No referrals

See any in-network specialist without a referral.

## Healthcare Guides and Member Services

Get help choosing a plan, finding a doctor, and more.

We don't like  
paying a lot for  
prescriptions either.  
That's why we  
made them free.

Many of our plans include free generic prescription drugs, which means you can focus less on your wallet and more on your health.

# Skip the waiting room. Talk to a doctor from the comfort of your home.

With Doctor on Call, you can speak to a board-certified doctor over the phone anytime for free. Get prescriptions over the phone and advice for things like cold or flu symptoms, allergies, and more without leaving home.

# Stay healthy without giving yourself a headache.

In addition to free physicals, Oscar offers up to three free primary care doctor visits per year.

# Hello, simplicity.

We've worked hard to make sure our plans are simple and easy to understand. And no matter which plan you choose, you get access to the same great coverage and the same great tools for getting care.

## One simple choice

All Simple plans have the same great benefits. The only difference is the plan's max, which is the most you'll pay for care in a year per person. After that we pay for everything.
