

PROVIDER DIRECTORY

HEALTHSPAN HMO AND POINT OF SERVICE (POS) TIER ONE PROVIDER DIRECTORY

State of Ohio Notices

Important Information About Our Providers

HealthSpan Integrated Care contracts with more than 250 Primary Care Physicians and nearly 1,700 Specialists through HealthSpan Physicians and affiliated community-based physicians in our service area. No benefits are payable for covered services received outside of HealthSpan that have not been prescribed, directed, and arranged by a HealthSpan physician and approved by the Health Plan. This applies to all covered services except emergency services received at a non-Plan facility.

Coordination of Benefits

Warning: If you or your family members are covered by more than one health care plan, you may not be able to collect benefits from both plans. Each plan may require you to follow its rules or use specific doctors and hospitals, and it may be impossible to comply with both plans at the same time. Before you enroll in this plan, read all of the rules very carefully and compare them with the rules of any other plan that covers you or your family.

HealthSpan

HMO and POS Tier One

Provider Directory

This directory is for HealthSpan members enrolled in the HMO plan. It is also for members enrolled in the POS plan who choose to seek care from a Tier One provider. The providers in the HMO network are the same providers in Tier One of the POS Network. The directory includes information regarding the physicians, medical offices, and hospitals you can choose from for your health care needs. There are hundreds of physicians to choose from in your health plan. These include HealthSpan physicians, as well as Affiliated Physicians in the community who have contracted with HealthSpan to provide health care services to our members. We have made it easy to locate the physician of your choice by organizing the directory into two sections:

1. HealthSpan Physicians

2. Affiliated Community Physicians

If you need assistance locating a physician, or have questions about your available coverage or HealthSpan's review process, contact Customer Relations by calling **1-800-686-7100** or visit our Web site at healthspan.org/welcome.

This provider directory is current as of January 31, 2014. Every effort has been made to ensure the accuracy of this information. However, participating providers change regularly and vary from plan to plan. You are responsible for selecting a provider currently participating in your network prior to receiving care. Contact Customer Relations to verify the current status of the providers listed in this directory. Some plan providers and services may have been added or removed from the list after this directory was printed.

To get the most up-to-date information please visit our Web site at healthspan.org/welcome or contact Customer Relations.

*For Federal Employees Only: It is important to know when you enroll in this Plan, services are provided through The Plan's delivery system, as described in the Plan's Federal brochure, but the continued participation of any one doctor, hospital or other provider cannot be guaranteed.

An approved referral from your primary care physician is required for specialists. Your primary care physician will determine the specialists that are available to you within HealthSpan Physicians Medical Group. If for any reason there is not a referral specialist available or listed in this section, your primary care physician will coordinate care with an affiliated community referral specialist.

HealthSpan and Hospital Network Emergency Care

This section contains the names, addresses, and phone numbers of the HealthSpan facilities and the hospitals that HealthSpan contracts with for emergency services.

If you are experiencing an emergency seek medical help as quickly as possible.
Call 911 or go to the nearest emergency care facility for help.

Listed below are the HealthSpan facilities and contracted emergency departments. When possible seek care from a location listed below. This enables us to better coordinate your care.

AKRON GENERAL HEALTH & WELLNESS CENTER – GREEN

Urgent Care Locations

This section contains the names, addresses, and phone numbers of HealthSpan's network for urgent care services.

Urgent Care Services are covered and may be provided in your doctor's office or a plan urgent care facility for unexpected illness or injury that does not meet the definition described in your *Evidence of Coverage* under "Emergency Services". Contact your PCP for your urgent care needs. You will pay the office visit copayment for urgent care services received in your doctor's office.

If your doctor's office is closed and you need assistance, call us 24 hours a day, seven days a week at 1-800-524-7377. Our trained staff will help you with your health care needs.

If you have chosen a MetroHealth physician for your primary care, call the MetroHealth 24-hour Advice Line at 216-778-7878. If you have selected an Affiliated Community Physician as your PCP, always call that office for assistance. You may be directed to a plan urgent care facility.

HealthSpan contracts with VSP® (Vision Service Plan) to provide vision services including refractive eye exams and eyewear to our members.

This section includes the names, addresses and phone numbers of optometrists and optical stores that are affiliated with VSP in our nine county service area. It is organized by county, city and facility name. This section does not include ophthalmologists. For a list of available ophthalmologists, please refer to the specialty section of the directory on pages 31, 100–104, 124. When making an appointment with a VSP provider please let the provider know that you have VSP and they will handle all of the paperwork.

With the partnership with VSP you will be able to receive exams and use your hardware (contacts and glasses) allowance at any VSP provider throughout the US, of which 200 are located within our service area. For a complete list of providers, visit www.vsp.com/advantage or call 1-800-877-7195.

More Information for New Members

Protecting your privacy

Your privacy is important to us. Our physicians and employees are required to keep your protected health information (PHI) confidential, and we have policies, procedures, and other safeguards in place to help protect your PHI from improper use and disclosure in all settings, as required by state and federal laws. We will release your PHI when you give us written authorization to do so, when the law requires us to disclose information, and under certain circumstances when the law permits us to use or disclose information without your permission. For example, in the course of providing treatment, our health care professionals may use and disclose your PHI in order to provide and coordinate your care, without obtaining your authorization. Your PHI may also be used without your authorization to determine who is responsible to pay for medical care and for other health care operations purposes, such as quality assessment and improvement, customer service, and compliance programs. If you are

enrolled in HealthSpan through your employer or employee organization, we may be allowed under the law to disclose to them certain PHI, for example, regarding health plan eligibility or payment, or regarding a workers' compensation claim. Sometimes, we contract with others (business associates) to perform services for us and in those cases, our business associates must agree to safeguard any PHI they receive.

Our privacy policies and procedures include information on your right to see, correct or update, and receive copies of your PHI. You may also ask us for a list of our disclosures of your PHI that we are required to track under the law.

For a more complete explanation of our privacy policies, please request a copy of our "Notice of Privacy Practices," which is on our Web site, in our medical offices, or by calling Customer Relations. If you have questions or concerns about our privacy practices, please contact Customer Relations.

Review of medical services

At HealthSpan, we use a utilization management program to ensure that the clinical services we offer are medically necessary and provided in an efficient, timely, and safe manner. Here in Ohio, our utilization management program is known as the Medical Management Program, which works with our providers to plan, organize, and deliver quality health care services. Some services require prior notification and/or prior authorization by the Medical Management Program. Examples include, but are not limited to:

- Inpatient admissions
- Referrals for specialist care (except self-referral to select specialties)
- Outpatient surgery
- Specialized services, such as home health and hospice care
- Durable medical supplies and equipment
- Skilled-nursing and inpatient rehabilitation facilities
- Treatments initiated by a behavior health (mental health and or chemical dependency) specialist

Some treatments and services have specific criteria developed or adopted by the HealthSpan Medical Group, or may be required by state or federal agencies, that define medical necessity. In any case, only physicians make the final decisions regarding medical necessity.

Emergency care does not require prior authorization. You are strongly encouraged to contact HealthSpan after emergency care is received so HealthSpan can coordinate follow-up services. However, if you are admitted to a non-Plan hospital in connection with emergency care, you, a member of your family, or the admitting physician must contact us before you are admitted, within 24 hours, or as soon as medically possible, so that we may decide whether to make arrangements for necessary continued hospitalization or transfer you to another facility. An emergency is medically necessary health care services that are immediately required for acute symptoms of sufficient severity, including severe pain, for which a prudent lay person who possesses an average knowledge of health and medicine could reasonably expect that the absence of immediate medical attention could result in:

- Serious jeopardy to the mental or physical health of the individual, or with respect to a pregnant woman, the health of the woman or her unborn child;
- Serious impairment of the individual's bodily function; or
- Serious dysfunction of any body organ or part.

In the event any service is denied by our Medical Management Program, you may appeal.

HealthSpan Medical Offices Avon Medical Offices

HealthSpan Avon Medical Offices

Avon Pointe Professional Campus
36711 American Way
Avon, Ohio 44011

See page 4 for a detailed description of this facility, including address, phone numbers, office hours, and services offered.
