Preauthorization Lists

Certain medical services, surgical procedures, and prescription drugs may require preauthorization, which is the process we use to determine in advance whether or not the service, procedure, or prescription will be reimbursed.

Our preauthorization lists are tools for you and your doctor to determine if the care you need will require preauthorization. As we continually review new technologies and standards of medical practice, these lists are subject to revision. Also keep in mind that your plan may not cover all the items listed. Check your benefit materials or contact our Customer Service Department if you have any questions about your plan benefits.

For a list of medical services that may require preauthorization, visit PacificSource.com/provider/preauthorization.aspx.

Drug Lists

The PacificSource drug lists are guides to help your doctor identify medications that can provide the best clinical results at the lowest cost. As a cost savings for you, generic drugs are substituted in place of name brand drugs wherever possible. Please note that drugs not listed are not automatically covered. Drug lists are updated as new drugs enter the market.

At PacificSource.com/drug-list, you'll find:

- drug list information
- drug list abbreviations and terms
- preauthorization policies
- step therapy policies
- incentive drug list

Some plans only provide coverage for certain drugs on this list. A separate benefit may apply to some drugs, such as specialty drugs. Remember to select the Oregon drug lists when searching for more information.

If you have questions about how your prescription drugs will be covered, please contact a Coverage Advisor at (855) 330-2792 or by email at Individual@pacificsource.com.

Know the Lingo

Co-insurance
Co-insurance is your share of the cost of a covered service (in addition to co-pays), calculated as a percentage of the service cost. Co-insurance typically applies once you've met your deductible.

Co-pay
Your co-pay is the amount of money you pay up front right when you have a service, such as a doctor visit.

Deductible
Your deductible is the amount you're responsible to pay before the plan pays for covered services. Some services, such as preventive care, are covered by the plan without you needing to meet the deductible.

Network
A network includes the providers and facilities we have contracted with to provide healthcare services.

Nonparticipating providers, facilities
Nonparticipating providers or facilities are those we have not contracted with for a network. When you see a nonparticipating provider, you will pay more out-of-pocket. Visit PacificSource.com/find-a-provider to find out if your doctor is a participating provider with the network you choose.

Out-of-pocket limit
Your plan's out-of-pocket limit is the most you'll pay for covered services in a calendar year.

Participating providers, facilities
Participating providers or facilities are those that we've contracted with for a particular network. You will pay less out-of-pocket when you receive services from participating providers.

Looking for additional healthcare terms?

Visit our online glossary at PacificSource.com/glossary.

Premium
Your premium is the amount you pay for your health insurance plan. Premiums can be paid monthly, quarterly, or annually.

Preventive care
Preventive care services are routine healthcare services that include screenings, check-ups, and patient counseling to prevent illnesses, disease, or other health problems. When you see a participating provider, these services are not subject to deductible and are covered in full.

Primary care provider (PCP)
A primary care provider, or PCP, is a doctor who you authorize to coordinate all of your healthcare needs, including helping you maintain your health and reach your wellness goals.

Referral
A referral is a written order from your PCP for you to see a specialist or receive certain medical services. Some plans require referrals for your benefits to pay at participating rates.

Service area
The service area is the geographic location where a plan is available, and where you must live to be eligible to enroll in that plan.

Common Questions

Am I eligible?
You may enroll in a PacificSource individual policy if you are an Oregon resident and you are not covered by Medicare or a group plan. You may also enroll your legal spouse, domestic partner, and dependent children under the age of 26 on your policy. To enroll in a plan, you must be living in a service area where your chosen plan is offered, and you must enroll during the open enrollment period.

When will my plan be effective?
Your policy can become effective on either the 1st or the 15th of the month after we receive your enrollment form and first month's premium.

Can I keep my doctor?
You can keep your doctor, but you may pay more for services if your doctor isn't a participating provider in the SmartHealth network. To get the most value from your plan, you'll want to use tier 1 participating doctors and hospitals. Check our online directory at PacificSource.com/find-a-provider to make sure your doctor is listed in the network you're considering.

Who may be a PCP?
Several types of providers may have a primary care physician (PCP) designation. Providers who may be PCPs include:

- Doctor of Osteopathic Medicine (DO)
- Medical Doctor (MD)
- Nurse Practitioner (NP)
- Physician Assistant (PA)

PCPs may be providers who specialize in:

- Family practice
- General practice
- Geriatrics
- Internal medicine

- Pediatrics

To see if a specific provider has a PCP designation for your health plan, visit our Provider Directory at PacificSource.com/find-a-provider.

Do I have to have vision and dental coverage?
Federal law requires vision and dental coverage for children through age 18 be included with all qualified medical health plans. All PacificSource medical plans include pediatric vision coverage. Pediatric or family dental is available as a separate plan. If enrolling for medical coverage directly with PacificSource, you are required to enroll in a pediatric dental plan. View our full line of dental plans online at PacificSource.com/Oregon-individual-dental-2015.

What is the healthcare Marketplace?
In 2015, Oregonians may use HealthCare.gov, the federal healthcare Marketplace, to enroll in a health insurance plan. If you meet certain income requirements, you may have access to financial assistance to help you with the cost of your health insurance. To access financial assistance, you'll need to enroll through the Marketplace. Contact a PacificSource Coverage Advisor for help choosing a plan, then enroll through HealthCare.gov.

About SmartHealth Plans

About Our Plans

Navigating plan options and understanding benefits can be challenging. This section gives you more information about our plans and benefits.

Balance, Value, and Standard Plans

Generally speaking, Balance plans offer individuals co-pays on office visits and prescription drugs (see charts starting on page 17), which are not subject to deductible.

Value plans are set up for pairing with a health savings account (HSA; see page 23).

Standard plans are designed by the state of Oregon and are offered by all Oregon health insurance providers.

Gold, Silver, and Bronze

Plan names include the words "gold," "silver," or "bronze" to reflect how you and your plan share the costs of care. These categories have nothing to do with the quality or amount of care you get.

Plan Name Numbers

Most of our plans have a number at the end of the plan name. This number represents the individual deductible amount for that plan.

Value Silver 3000

Value: You won't have co-pays for services, but you may set up an HSA to help cover healthcare expenses.

Silver: Your premium will be a little higher, but your share of service costs will be lower than Bronze level plans.

3000: Your deductible as an individual is $3,000.

Plans at a Glance

Deductible and out-of-pocket limit amounts shown below are the costs for individuals. Amounts for families are twice the individual amounts. If you receive services from out-of-network providers, your deductible and out-of-pocket limit will be higher than the amounts listed in the chart below.

For nonparticipating deductible and out-of-pocket amounts, view our plan summaries at PacificSource.com.

Choosing the Right Plan

Not sure where to start? Here's a quick quiz to help you determine the right coverage for you:

Read the statements below and rate each statement on a scale of 1 to 3, 1 meaning "No, this isn't true for me," 2 meaning "This sort of describes me, but not exactly," and 3 meaning, "Yes, this describes me." Circle your answers, and then add up your total for which plans might fit you best.

		No	Sort of	Yes
1.	I'm purchasing health insurance for myself **and** family members.	1	2	3
2.	I go to the doctor frequently, beyond annual check-ups.	1	2	3
3.	I need easy access to specialist care.	1	2	3
4.	I have one or more health issues that need managed.	1	2	3
5.	I need a low annual out-of-pocket limit, and I'm not concerned about premium costs.	1	2	3

Choosing the Right Plan

Reading the Plan Benefit Charts

Our plan benefit charts on the following pages will give you a breakdown of key information.

Once you have a couple plans in mind, you'll want to compare the benefits for each plan to make sure you're getting what you need. **The benefit charts on the following pages list your share of costs when you see a participating provider. Calendar year costs and service costs will be higher if you receive medical services from nonparticipating providers.** You'll find our nonparticipating rates listed in our benefit summaries at PacificSource.com.

Here's a quick guide on what you'll see on the following plan benefit charts:

Calendar year costs: These are costs you are responsible for from January 1 through December 31. Understanding what each of these costs means is important to helping you choose a plan. For definitions, see page 8.

Tier 1 (T1) or tier 2 (T2): With two tiers of participating providers, your share of costs may fall into tier 1 or tier 2. To find out if a doctor or facility is tier 1, tier 2, or nonparticipating, go to PacificSource.com/find-a-provider.

	Balance Silver 1500 AC	Value Silver 3600
Calendar Year Costs	**Individual / Family**	**Individual / Family**
Deductible	**T1:** $1,500 / $3,000 **T2:** $2,500 / $5,000	**T1:** $3,600 / $7,200 **T2:** $4,000 / $8,000
Out-of-pocket limit	$6,450 / $12,900	**T1:** $3,600 / $7,200 **T2:** $4,000 / $8,000
Co-insurance	**T1:** 30%; **T2:** 40%	**T1:** 0%; **T2:** 0%
Services		
Office visits	**T1:** $20 co-pay **T2:** Deductible, then 40%	Deductible, then 0%
Naturopathy office visit	**T1:** $20 co-pay **T2:** Deductible, then 40%	$20 co-pay

Two tier out-of-pocket limits: Some SmartHealth plans have two tiers of out-of-pocket limits. The Affordable Care Act (ACA) mandates that out-of-pocket limits may not exceed $6,600 for individuals and $13,200 for families. So even if the two tiers add up to more than $6,600 for individuals or $13,200 for families, you will not pay beyond the mandated limit.

Services: Each plan benefit chart lists common services and your share of the service costs. For a more complete list, view the benefit summaries at PacificSource.com.

Service costs: Costs are shown in the amount you pay. Some services are covered in full, some services have a co-pay, some apply to the deductible, then co-insurance, and some are not covered.

Catastrophic Coverage

With Catastrophic coverage, your first three primary care office visits are covered in full. Additional office visits and services will be subject to your deductible and co-insurance.

Do I qualify for the Catastrophic plan?

To qualify, you must be younger than 30 years old, or get a "hardship exemption" because the marketplace determined that you are unable to afford healthcare coverage.

To find out if you're eligible for this plan, visit HealthCare.gov.

> First three visits combined are paid at 100%. For additional visits, you will need to meet your deductible before your plan will pay.

§ First subject to deductible, then co-pay applies.

Save for Your Health

Health Savings Accounts (HSA)

A health savings account (HSA) is a true bank account into which you deposit money to be used for future healthcare expenses. You can contribute your own money to an HSA and deduct the contributions when you file your income taxes. The money in an HSA earns interest just like a regular bank account if you choose an interest-bearing account.

HSAs have maximum annual contribution limits: $3,350 for individual accounts, and $6,650 for families for 2015.

Why should I consider an HSA?

- **HSAs offer a tax savings benefit.** The money you put into your HSA is tax-free, as is the interest you earn on your savings.
- **It's your money.** The money in your account rolls over, meaning that the money you save can go toward future medical expenses.
- **You choose how to spend it.** If you receive medical services that aren't covered by your plan, you can use your HSA dollars to cover those expenses.

HSA-eligible Plans

High-deductible Health Plan Requirement

You'll need a qualifying high-deductible health plan—also known as an HDHP—to go with your HSA. HDHPs must have a deductible of $1,300 or more for individuals, $2,600 or more for families. Sometimes preventive care is exempt from that deductible.

Here are SmartHealth plans that qualify as an HDHP (HSA-eligible plan):

- Value Bronze 6250
- Value Bronze 3000
- Value Silver 3600
- Value Silver 3000

HSA Highlights

- Anyone can contribute to your HSA.
- You own the account and all the money in it, no matter who contributed.
- Money you deposit is tax deductible, earns tax-free interest, and can build from year to year.
- You can withdraw funds to pay for medical expenses any time without taxes or penalties.
- You can withdraw funds for nonmedical use subject to taxes and an IRS penalty.
- HSAs are regulated by the federal government.

Setting Up Your HSA

Enrolling in an HSA-qualified plan doesn't automatically set up your HSA banking account, and your premium doesn't contribute to HSA funds.

To set up your HSA:

1. Enroll in a PacificSource Value plan.
2. Contact your local banking institution to set up your HSA.
3. Deposit money into your HSA banking account.
4. You're done!

If you have questions about HSAs or HSA-eligible plans, contact a health insurance agent or one of our Coverage Advisors at Individual@pacificsource.com or toll-free at (855) 330-2792.

Don't Forget Dental

Good dental care is an important part of your overall health. Our dental plans are a perfect partner to your medical coverage, giving you peace of mind that you and your family are covered head to toe.

The Pediatric Coverage Requirement

Federal law requires vision and dental coverage for children through age 18 be included with all qualified health plans. All PacificSource plans include pediatric vision coverage. However, pediatric dental is available as separate coverage. If enrolling for medical coverage directly with PacificSource, you are required to enroll in a pediatric dental plan.

View our Individual and Family Dental Brochure online at PacificSource.com for dental plan options.
