Whether you're self-employed, need coverage for your family, just left group coverage, or your job doesn't provide it, Anthem Blue Cross and Blue Shield offers dependable individual health care plans that save you time and make sense for the way you live.

You're in charge of your health and budget, and our plans help keep it that way. Check out our wide range of benefit options and if you have any questions, we are here to help. Dependable, valuable protection that fits the way you live. Sounds like a plan.

Experience you can rely on

As one of the most trusted names in health coverage, Anthem has been providing health care coverage and security to Wisconsin for over 65 years. We're committed to helping simplify your life and improving your health. In addition, we offer:

- One of the largest provider networks in Wisconsin. With more than 11,800 doctors and specialists and nearly 150 hospitals throughout the state, chances are your doctor is in one of our networks.
- A choice of plans to fit your budget and lifestyle. No matter where you are in life, we've got a plan designed to fit your health coverage needs, as well as your budget.
- **Optional dental and life insurance**. To enhance your health, we also offer dental and term life coverage and make it easy to enroll.
- Coverage that travels with you. No matter where life takes you, your health coverage goes with you. And network providers in the BlueCard[®] program across the country will help make it easy to get access to the care you need.

Save on the cost of your coverage with the Blue Preferred Plus[®] POS Network

Anthem offers a choice of provider networks: Blue Access[®] (PPO) and Blue Preferred Plus[®] (POS). The Blue Preferred Plus POS[®] network offers a lower premium with the same flexibility as our PPO network. Like the Blue Access[®] network, you are not required to choose a PCP or to obtain referrals. Plus, you have the same access to network providers nationally and worldwide through the BlueCard[®] program. To find a Blue Preferred Plus[®] POS provider, go to anthem.com >>"Find a Doctor". Then select Blue Preferred Plus[®] (POS) and "Select a plan or network".

Some definitions so we're all on the same page

Network Discounts: With Anthem, you have access to one of the largest provider networks in the state. These network (or participating) providers have agreed to accept lower costs for their covered services to Anthem members — similar to volume discounts. These negotiated costs help reduce the overall cost of covered medical services, including your share of those costs.

This is true whether you are paying the entire cost for covered services (such as while you are meeting your deductible), or whether we are sharing the cost. With over 11,800 doctors and specialists and nearly 150 hospitals and other facilities, chances are your provider already participates. Just visit a network provider to take advantage of the savings.

With our PPO and POS plans, you can always choose to receive services outside the network, but your share of the cost will be greater.

Cost-Sharing: The costs of medical care today can be staggering. Health care coverage from Anthem can help protect you against these high costs. With most health care coverage, you pay a monthly premium, then you share some of the cost of covered medical care with the company that provides your health care coverage. The level of cost-sharing you choose directly impacts your premium amount. The more you are willing to share in the costs, the lower your premium. With Anthem, you can choose your level of protection and the level of cost-sharing that works best for your health care needs and budget.

Deductible is the amount you have to pay each calendar year (annually) for covered services before your health care plan starts paying. For some services, the plan will even begin to pay before the deductible is met. Usually, the higher a plan's deductible, the lower the premium. In some cases, you may also have a separate deductible for certain services such as prescription drugs.

Coinsurance is the percentage of the cost of covered services that you will be responsible for, after your annual deductible is met. With some plans, you have a choice of coinsurance levels. Much like your deductible, selecting a higher coinsurance typically lowers your monthly premium because it increases your share of the cost.

Copayment is a specific dollar amount you have to pay for certain covered services.

Out-Of-Pocket Maximum is the most that you would pay in a calendar year for deductible and coinsurance for network covered services. Once you reach this maximum, the plan pays at 100% for most services for the rest of the calendar year.

Lifetime Maximum is the lifetime benefit amount that will be paid under the policy for each member. This includes network and non-network covered services combined.

Prescription Drugs are medications that must be authorized for use by your doctor. Anthem offers varying levels of prescription drug coverage. Depending on the plan, you may have coverage for generic drugs or generic and brand name drugs.

Generic Drugs are prescription drugs that typically have been in use for some time and can be manufactured and distributed by numerous companies, so their cost is usually much lower. Generic drugs must, by law, contain the same active ingredients as their brand name equivalent and have the same clinical benefit.

Brand Name Drugs are prescription drugs that are manufactured and marketed under a registered name. They are usually patented and may be exclusively offered by certain manufacturers.

Tiers represent a cost level within the generic and brand name prescription drug categories. The prescription drug coverage under your health care plan will differ for each of these tiers. Not all products have this tiering.

- **Tier 1:** Generally includes generic drugs and a few lower cost brand name drugs.
- Tier 2: Generally includes higher cost generic and brand name drugs.
- Tier 3 and 4: Highest cost brand name drugs.

Formulary is a list of prescription drugs our health care plans cover. They include generic and preferred brand name drugs that have been rigorously reviewed and selected by a committee of practicing doctors and clinical pharmacists for their quality and effectiveness. We've negotiated lower prices on these formulary drugs, so you'll save when your doctor prescribes medication from our formularies. There can be different formularies for different health care plans. Formulary lists can be found at anthem.com.

Health Savings Account (HSA) is a special bank account that can be set up by a member enrolled in a qualified HSA-compatible high deductible health plan. Contributions to this account can be made with certain tax advantages and funds from the account can be used for qualified health care expenses. See the insert from our preferred banking partner for more details and consult your tax advisor.

Lumenos[®] HSA Is this the right plan for you?

Lumenos HSA health plans were designed to give you more control over your health care costs. They help you focus on getting healthy and staying that way.

Lumenos HSA Plan Highlights

This plan offers traditional health coverage benefits that can be paired with a Health Savings Account (HSA) for more flexibility and potential tax advantages. Simple plan designs make using them that much easier.

Features:

- A choice of benefit options, including those with 100% for covered preventative care before the deductible.
- PPO and POS health plan coverage with a large array of benefits after you pay your deductible.
- Coverage compatible with an HSA that is yours to fund and keep if you choose to open one. Use the HSA for qualified medical expenses or as a savings vehicle. Just contact your tax advisor for possible advantages for your situation.
- Special programs for Smoking Cessation and Weight Management.
- · Access to our 24-hour Nurse Line.
- Online tools for a personalized Health Assessment, prescription drug cost comparison, and other tools to give you more control.

You should know:

- Your Lumenos HSA plan has a policy-level deductible and out of pocket maximum. Once any combination of covered members on the policy meet these amounts, the plan pays 100% of covered expenses. It's that simple.
- While Lumenos HSA is compatible with a Health Savings Account, your health care plan works with or without it. You may set up the HSA now, later, or not at all. It's your choice.

Lumenos HSA Preventive Care

Because staying healthy is just as important as getting better, there are a number of benefit options you can choose that offer 100% coverage for preventive care with no deductions from your Health Savings Account and lower your out-of-pocket costs when you use a network provider.

Prescription Drug Coverage

Lumenos not only puts you in charge of your health care dollars, it can help you use those dollars for generic and brand name prescription drugs in the way that best suits you.

Once your deductible is met, there is a coinsurance, if applicable, for covered prescription drugs. But even while you are meeting your deductible, you benefit from lower negotiated rates on prescription drugs at network pharmacies nationwide. There's no need to have a different deductible or copayment for prescriptions; it all works as one.

And since you decide how to spend it, your Health Savings Account dollars can be used to pay for prescription drugs – either while you are meeting your deductible, or afterward for those drugs not covered, like most over-thecounter medications.

How to Customize your Lumenos HSA Plan

Choose your deductible: Lumenos HSA deductibles range from \$1,500 to \$5,500 for individuals or \$3,000 to \$11,000 for families. You can usually lower your premium by choosing a higher deductible. Simply choose the deductible and premium combination that works best for you. Remember, any covered member can contribute to some or all of the policy deductible and out of pocket maximum, whether the policy covers one member or a whole houseful.

Use your Health Savings Account the way

you want: Your HSA, if you choose to open one, is funded by you. So, it is yours to use for qualified health care expenses covered by the plan, or those not covered at all, like contact lenses. Your HSA is also yours to keep if you ever leave the plan; you won't lose those dollars if they're not used. In fact, the carryover from year to year can help you save for future financial needs. See the enclosed insert from our preferred banking partner for more information.

Other Optional Coverage: You can add more protection for you and your family by purchasing optional maternity benefits, dental, or life insurance. See your Benefit Guide and the dental and life information in the back of this brochure for more details.

Premier Plan Highlights

Premier offers robust benefits for both routine and unexpected medical care. The lowest levels of coinsurance across all deductibles gives Premier added value over other plans we offer.

Features:

- Premier offers options with an unlimited number of Doctors' Office Visits, with predictable copayment, before the deductible.
- Offers a choice of prescription drug coverage options.
- Preventive care benefits help focus on keeping you healthy.
- \$7 million per member in lifetime benefits.

You should know:

- Maternity benefits are available with this plan at an additional cost.
- Premier has our highest level of benefits available, so the premiums are typically more than our other plans.

Premier Preventive Care

Prescription Drug Coverage

Premier offers broad prescription drug coverage, including benefits for generic and brand name drugs. There is a separate deductible for brand name drugs.

You also have the choice to upgrade your prescription drug coverage to remove the separate deductible and have more predictable cost-sharing amounts.

See your Benefit Guide for more details.

How to Customize your Premier Plan

With Premier, you have some choice and flexibility to change the plan to better meet your needs. Premier offers a choice of:

Deductible: Premier deductibles range from \$500 to \$10,000. You can usually lower your premium by choosing a higher deductible. Simply choose the deductible and premium combination that works best for you.

Coinsurance: At certain deductible levels, you have a choice of a percentage coinsurance or no coinsurance at all for most care and coverage at 100% after satisfying your deductible. The zero coinsurance options will increase your levels of coverage but also your premium if you choose it.

Doctors' Office Copayment: You can lower your monthly premium cost by choosing to remove the doctors' office copayment and instead apply those visits to your policy deductible. After your deductible is met, you would pay a coinsurance amount for doctor office visits if you choose this option.

Other Optional Coverage: You add more protection for you and your family by purchasing optional maternity benefits, dental, or life insurance. See your Benefit Guide and the dental and life information in the back of this brochure for more details.

How to choose the dental plan that works best for you.

Use the chart below to compare dental plan benefits side by side.

Dental Blue[®] Plans

Regular dental check-ups and cleanings are important to your overall health. That's why we give you the option of adding one of these Dental Blue plans to your health coverage:

- **1. Dental Blue Basic 100:** Gives you coverage for the basics, like routine check-ups and fillings. If your dental needs are simple, this may be the right plan for you.
- 2. Dental Blue Essential 100: Includes coverage for the basics, plus services like crowns, bridges, root canals and dentures. If you think you may need major dental work, this is the right plan for you.
- **3. Dental Blue Essential 200:** Has basically the same coverage as Essential 100, but this plan also gives you wider choice of network dentists in exchange for a slightly higher cost. If your favorite dentist is in our larger network, this plan may be the best choice for you.

How dental networks help you save

While all three Dental Blue plans allow you to go to any dentist, you'll save the most money when you choose a dentist from your plan's network. There are two Dental Blue networks:

- **Dental Blue 100 network:** This is the value network for our Dental Blue 100 plans. Dental Blue Basic 100 and Essential 100 members can save the most on dental care when they choose a dentist from this network.
- **Dental Blue 200 network:** Includes the entire 100 network plus even more choices of dentists and specialists. Dental Blue Essential 200 members can save the most on dental care when they choose a dentist from this network.

YOU'RE ONLY ONE CHECKMARK AWAY

Simply make the selection on your application form. We'll take care of setting up your account. We'll also take care of sending you a Welcome Kit to get you started. All you have to take care of is your health. Which is, after all, the most important thing.

Setting up a Health Savings Account

Our Lumenos[®] HSA plans are a nice way to save on premiums. But that's just the tip of the savings iceberg. To realize your plan's full financial power, consider opening a health savings account to go with your Lumenos plan. The portability and tax savings of an HSA account can add up fast.

We've joined with Affiliated Computer Services (ACS) and The Bank of New York Mellon (BNY Mellon) to integrate their HSA accounts with our Lumenos HSA plans. Setting up your account with BNY Mellon is easy. Plus, it comes with built-in advantages and conveniences:

- A single customer service contact for the health plan and your HSA
- A single online health site to access your plan benefit information and account details
- Several payment and deposit options, including special checks and automatic fund transfers
- Competitive interest rates and investment opportunities for the funds in your account

Of course, if you'd rather use another financial institution for your account, that's fine too.

A closer look

HSA Welcome Kit

If you make the selection on your application form, your Health Savings Account will automatically be set up once you're approved for the Lumenos HSA plan, and you'll soon receive an HSA Welcome Kit. In it, you'll find all of the banking documentation and instructions for using your account. A seperate application for your account is only required if you choose a financial institution other than BNY Mellon.

This is what the IRS requires if you want to open a Health Savings Account:

- You must be covered by an HSAcompatible high deductible health plan (such as the Lumenos HSA plan).
- You must be a U.S. resident, and not a resident of Puerto Rico or American Samoa.
- You cannot be covered by any other medical plan that is not an HSA-compatible high deductible health plan.
- You cannot be enrolled in Medicare.
- You cannot be claimed as a dependent on another individual's tax return.
- If you are a veteran, you may not have received veteran's benefits within the last three months.
- You cannot be active military.

Interest and investments

You'll earn interest on your HSA funds and have the chance to invest your funds as long as you keep a minimum \$1,500 HSA balance. Investment options include a number of mutual families. Once you're ready to invest, just call the ACS | BNY Mellon HSA Solution Contact Center at 866-686-4798 Monday through Friday from 8 a.m. to 8 p.m. (Eastern Time) for a prospectus with more details.

Debit cards and checkbooks

Use your MasterCard[®] debit card or your HSA checkbook (provided by BNY Mellon) to pay your health care provider or pharmacy directly for eligible medical expenses, or to get cash from your account.

Deposits to your account

To contribute to your HSA, simply send a check and deposit slip to the address printed on your HSA checkbook. Or you can set up an electronic funds transfer between your bank and BNY Mellon for regular account contributions.

Account activity statement

Each month, you'll receive a statement from BNY Mellon that shows all of your account activity. You'll also receive IRS 1099 and IRS 5498 forms from BNY Mellon near tax time to help with tax preparation.

ACS | BNY Mellon HSA fee and rate schedule

A Deposit Agreement and a Disclosures and Fee Sheet will be in your HSA Welcome Kit. Please refer to those documents for the complete terms and conditions related to your account.

As good as these options may sound, you should still talk to your tax advisor when trying to maximize financial benefits for your personal situation.

Before choosing a health care plan, please review the following information, along with the other materials enclosed.

Who Can Apply?

You can apply for coverage for yourself or with your family. You must be a resident of Wisconsin, under the age of 65, not eligible for Medicare and a legal resident of the U.S. You must also not be covered by any other group or individual health plan and meet our underwriting guidelines. Family health coverage includes you, your spouse or domestic partner and any unmarried dependent children under the age of 27. (Except for certain dependent children who are over age 27 and return to full-time student status at the end of an active military service period. See the Contract for further details.)

What's A Pre-Existing Condition?

Generally, our plans cover pre-existing conditions after you've been enrolled in the plan for 12 months. A pre-existing condition is any undisclosed condition that was diagnosed, treated or for which a health care provider recommended that you receive care or treatment within the 12 months right before you enrolled.

If you apply for coverage within 63 days of terminating your membership with another "creditable" health care plan, then you can use your prior coverage for credit toward the 12-month waiting period. Anthem Blue Cross and Blue Shield will credit the time you were enrolled on the previous plan.

Our Appeal Rights And Confidentiality Policy

If we deny a claim or request for benefits completely or partially, we will notify you in writing. The notice will explain why we denied the claim/request. You may contact Customer Service if you have questions concerning the denial. You may also file a grievance by sending a letter to us. You should send any additional information that supports your grievance and state all the reasons why you feel the grievance request should be granted. We will review your grievance and let you know our decision in writing, usually within 30-60 days of receiving your grievance. You may also have the right to request an external review. For more information on the grievance and external review of other rights, please review your Contract or Certificate of Coverage.

In addition to your rights to file a complaint or grievance concerning your claim or benefit denial, you may also be entitled to an independent review by medical professionals who have no connection to this insurer to address the concerns you have about your claim. Typically, you must first complete the insurer's internal grievance process before you can initiate an independent review. However, you do not need to complete the grievance process if you need immediate medical treatment and the time period for completing the grievance process will cause a delay that could jeopardize your life or health or we agree with you that it is in everyone's best interest to proceed with your concern directly to independent review. This policy includes guidelines regarding the protection of confidential member information and a member's right to access and change information in Anthem's possession. The policy clearly points out when a member needs to sign a release before Anthem can disclose information to a member's provider, spouse or other family members.
