• Self-management training and education (If billed by your provider, you will also be responsible for the office visit copayment)	\$35/visit	40%
Covered out-of-state benefits Benefits provided through BlueCard® Program, for out-of-state emergency and non-emergency care, are provided at the preferred level of the local Blue Plan allowable amount when you use a Blue Cross/Blue Shield provider.		See Applicable Benefit Line
Optional Benefits Optional dental, vision, or infertility benefit is available. If your employer purchased any of these benefits, a description of the benefit is provided separately.		See Applicable Benefit Line
1 Deductible and copayments marked with a (1) do not accrue to calendar-year copayment maximum, except for the percentage copay for the Outpatient Surgery in hospital/facility benefit which does accrue to the calendar-year copayment maximum. Copayments and charges for services not accruing to the member's calendar-year copayment maximum continue to be the member's responsibility after the calendar-year copayment maximum is reached. Deductible does not apply toward the calendar-year maximum. Please refer to the <i>Evidence of Coverage</i> and the plan contract for exact terms and conditions of coverage.		
2 Member is responsible for copayment in addition to any charges above allowable amounts. The copayment percentage indicated is a percentage of allowable amounts. Preferred providers accept Blue Shield's allowable amount as full payment for covered services. Non-preferred providers can charge more than these amounts. When members use non-preferred providers, they must pay the applicable copayment plus any amount that exceeds Blue Shield's allowable amount. Charges above the allowable amount do not count toward the calendar-year deductible or copayment maximum.		
3 Participating ambulatory surgery centers may not be available in all areas. Regardless of their availability, you can obtain outpatient surgery services from a hospital or an ambulatory surgery center affiliated with a hospital, with payment according to your health plan's hospital services benefits.		
4 The maximum allowed charges for non-emergency hospital services received from a Non-Preferred Hospital are \$600 per day. Members are responsible for 40% of this \$600 per day, plus all charges in excess of \$600.		

5 Bariatric surgery is covered when pre-authorized by Blue Shield. However, for members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura Counties ("Designated Counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons; coverage is not available for bariatric services from any other preferred provider and there is no coverage of bariatric services from non-preferred providers. In addition, if prior authorized by Blue Shield of California, a member in a Designated County who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the member and one companion. Refer to the *Evidence of Coverage* for further benefit details.

6 Services may require prior authorization by Blue Shield. When these services are prior authorized, members pay the preferred or participating provider level.

7 Please note that if you switch from another plan, your prescription drug deductible credit from the previous plan during the calendar year, if applicable, will not carry forward to your new plan. This plan's prescription drug coverage is on average equivalent to or better than the standard benefit set by the federal government for Medicare Part D (also called "creditable" coverage). Since this plan's prescription drug coverage is creditable, you do not have to enroll in Medicare Part D while you maintain this coverage; however, you should be aware that if you have a subsequent break in this coverage of 63 days or more before enrolling in Medicare Part D you could be subject to payment of higher Medicare Part D premiums.

8 If the member requests a brand-name drug when a generic drug equivalent is available, the member is responsible for paying the difference between the cost to Blue Shield of California for the brand-name drug and its generic drug equivalent, as well as the applicable generic drug copayment.

9 Mental health and chemical dependency services, other than medical acute detoxification, are accessed through Blue Shield's Mental Health Services Administrator (MHSA) – using Blue Shield MHSA participating and non-participating providers. Only Blue Shield MHSA contracted providers are administered by the Blue Shield MHSA. Behavioral health services rendered by non-participating providers are administered by Blue Shield. Services for medical acute detoxification are accessed through Blue Shield using Blue Shield's preferred providers or non-preferred providers. For a listing of severe mental illnesses, including serious emotional disturbances of a child, and other benefit details, please refer to the *Evidence of Coverage* or plan contract.

10 All outpatient non-severe mental health, outpatient substance abuse, and chiropractic visits accrue to the calendar-year visit maximum regardless of whether the plan deductible has been met.

11 Out of network home health care, home infusion and hospice services are not covered unless pre-authorized. When these services are pre-authorized, the member pays the Preferred benefits.

12 Copayment shown is for physician's services. If the procedure is performed in a facility setting (hospital or outpatient surgery center), an additional facility copayment may apply.

13 **Optional inpatient substance abuse treatment benefits are available. If your employer purchased these benefits, a description of the benefit is attached hereto as "Additional Substance Abuse Treatment Benefits".**

Plan designs may be modified to ensure compliance with state and federal requirements.
