

UnitedHealthcare PPO *Plan DT-O*

PPO stands for “Preferred Provider Organization” and with our Options PPO plan, you have access to the largest network of physicians we have to offer. Choose from our growing national network of more than 325,000 doctors and specialists, as well as from more than 3,000 hospitals nationwide.

With so many network physicians and other providers, it’s easy to find quality medical care while traveling, or for children who are away at school. UnitedHealthcare

Pharmacy Management Program Plan B1

UnitedHealthcare's pharmacy management program provides clinical pharmacy services that promote choice, accessibility and value. The program offers a broad network of pharmacies (more than 50,000 nationwide) to provide convenient access to medications.

While most pharmacies participate in our network, you should check first. Call your pharmacist or visit our online pharmacy service at www.myuhc.com. The online service offers you home delivery of prescriptions, ability to view personal benefit coverage, access health and well being information, and even location of network retail neighborhood pharmacies by zip code.

Copayment per Prescription Order or Refill

For a single Copayment, you may receive a Prescription Drug Product up to the stated supply limit. Some products are subject to additional supply limits. You are responsible for paying the lower of the applicable Copayment or the retail Network Pharmacy's Usual and Customary Charge, or the lower of the applicable Copayment or the mail order Pharmacy's Prescription Drug Cost. Also note that some Prescription Drug Products require that you notify us in advance to determine whether the Prescription Drug Product meets the definition of a Covered Health Service and is not Experimental, Investigational or Unproven.

If a generic drug is not available, brand-name drugs will be covered. If a health care practitioner prescribes a brand-name drug and the Covered Person selects the brand-name drug when a generic drug is available, the Covered Person shall pay the Copayment plus the difference between the price of the brand-name and the generic drug. Coverage of up to a 90-day supply of maintenance drugs in a single dispensing is not required for the first prescription of a maintenance drug or a change in prescription of a maintenance drug.
