or visit www.unicare.com.

The SolauraSM HIA plan is designed to help empower you to take control of your health, as well as the dollars you spend on your health care. This plan gives you the benefits you would receive from a typical health plan, plus the opportunity to earn health care dollars to help offset your out-of-pocket health expenses by taking certain steps to help improve your health.

Your Solaura HIA Plan

First—Earn dollars for your HIA and use them to pay for covered services:

Health Incentive Account

What's special about your Solaura Health Incentive Account (HIA) is that you may earn funds for an account through rewards for healthy behaviors. Money in your HIA is used to help you pay part of your annual deductible. And amounts you don't use can roll over to the next year.

Earn Rewards

If you do this: You can earn this in your HIA:

| | |
|---|--------|
| Complete the Health Assessment online | \$ 50 |
| Enroll in a Health Management program | \$ 100 |
| Graduate from a Health Management program | \$ 200 |
| Complete our Lifestyle Management: | \$ 50 |
| Tobacco-Free program | |
| Complete our Lifestyle Management: | \$ 50 |
| Healthy Weight program | |

Some eligibility requirements may apply. See Page 2 for program descriptions.

Plus—To help you stay healthy, use:

Preventive Care

100% coverage for most nationally recommended services.

Preventive Care

No deductions from your HIA or out-of-pocket costs will occur as long as you receive your covered preventive care from an in-network provider. If you choose to go to an out-of-network provider, your deductible or Traditional Health Coverage benefits will apply.

Then—

Your Bridge

After you use all of the money in your HIA, you then **pay a bridge amount, which is an out of your pocket cost**, until you meet your annual deductible responsibility.

Your bridge responsibility will vary depending on how much you earn for your HIA through rewards for healthy behaviors. Your HIA dollars plus your bridge amount add up to your annual deductible responsibility.

Health Incentive Account + Bridge = Deductible

Bridge

Your bridge responsibility will vary.

Annual Deductible Responsibility

\$1,000 individual coverage \$2,000 family coverage

If needed—

Traditional Health Coverage

Your Traditional Health Coverage begins after you have paid your bridge amount.

Traditional Health Coverage

After your bridge, the plan pays:

80% for in-network providers 60% for out-of-network providers

After your bridge, your coinsurance responsibility is:

20% for in-network providers 40% for out-of-network providers

Additional Protection

For your protection, the total amount you spend out of your pocket is limited. Once you spend that amount, the **plan pays 100% of the cost for covered services** for the remainder of the plan year.

Annual Out-of-Pocket Maximum

| In-Network Providers | Out-of-Network Providers |
|-----------------------------|-----------------------------|
| \$4,000 individual coverage | \$8,000 individual coverage |
| \$8,000 family coverage | \$16,000 family coverage |

Your annual out-of-pocket maximum consists of amounts you spend to meet your annual deductible, including funds you spend from your HIA, and your coinsurance amounts.

Earn Rewards

The Plan will provide you with additional health care dollars in your HIA for the following:

- **Health Assessment:** You and covered your family members can complete the Health Assessment, using our online tool which is designed to help measure your overall health. One adult family member is eligible to earn \$50 in your HIA per plan year. The health information you provide is strictly confidential.
- **Health Management programs:** If you qualify for one of our Health Management programs, you'll receive one-on-one assistance from a specially trained registered nurse to help you manage a health condition. Health conditions may include, but are not limited to, diabetes, asthma, high blood pressure, heart disease and pregnancy. You'll receive an allotted amount in your account for enrolling in a qualified program (one reward per covered person per year). You'll also receive an allotted amount for achieving your health goals and graduating from the program (one reward per covered person per year). Please see Page 1 for details.
- **Lifestyle Management: Tobacco-Free program:** This program helps you manage withdrawal symptoms, identify triggers and learn new behaviors and skills to remain tobacco free. Participation is open to you and your covered family members age 18 or older, and includes phone counseling support, online tools, and nicotine replacement therapy coverage. You and your spouse are eligible to receive \$50 in your HIA (one reward per person per lifetime) for completing this program.
- **Lifestyle Management: Healthy Weight program:** Our Healthy Weight program provides personalized online and phone support to help you adopt lifestyle changes necessary to lose weight and maintain weight loss. A team of trained health professionals with expertise in weight management will help you address healthy eating, physical activity and exercise, stress management, and more. You and your covered family members age 18 and older who have a Body Mass Index (BMI) of 25 or higher are eligible for this program. You and your spouse are eligible to receive \$50 in your HIA (one reward per person per lifetime) for completing the program.

Summary of Covered Services

Preventive Care

UniCare's Solaura HIA plan covers preventive services recommended by the U.S. Preventive Services Task Force, the American Cancer Society, the Advisory Committee on Immunization Practices and the American Academy of Pediatrics. The Preventive Care benefit includes screening tests, immunizations and counseling services designed to detect and treat medical conditions to prevent avoidable premature injury, illness and death. All preventive services received from an in-network provider are covered at 100%, are not deducted from your HIA and do not apply to your deductible. If you see an out-of-network provider, then your deductible or out-of-network coinsurance responsibility will apply. If you see an out-of-network provider, then your deductible and out-of-network coinsurance responsibility will apply, except where mandates prohibit. If you receive any of these services for diagnostic purposes—for example, a colonoscopy when symptoms are present—the appropriate plan deductible and coinsurance will apply and available account dollars may be used to cover costs.

The following is a brief overview of the types of preventive services covered*:
