Short Term Medical

*Temporary Insurance for
Gaps in Health Coverage*

30 - 180 Days

- ▶ Between Jobs
- ▶ Waiting for Employer Benefits
- ▶ Temporary or Seasonal Employees
- ▶ Newly Independent

Unexpected illnesses and accidents happen every day, and the resulting medical bills can be disastrous. Until you enroll in permanent coverage, safeguard your financial future with **Short Term Medical temporary insurance**. It provides the peace of mind and health care access you need at a price you can afford.

You can depend on Short Term Medical. Assurant Health marketed the first temporary insurance coverage in 1973 and has remained a leader ever since.

Short Term Medical and Health Care Reform

Short-term, limited duration plans are not subject to certain provisions of Federal health care reform, including the provisions related to lifetime limits, dependent coverage, preventive care, and pre-existing conditions. The pre-existing condition exclusion for Short Term Medical plans will apply for all insureds, including those under the age of 19.

Time Insurance Company

*Assurant Health is the brand name for products
underwritten and issued by Time Insurance Company.*

Choose Short Term Medical when you are

- between jobs
- Often lower than the cost of COBRA coverage
- waiting for employer-sponsored benefits
- a temporary or seasonal employee
- newly independent

Short Term Medical insurance is often a lower-cost alternative to COBRA. However, if you purchase Short Term Medical rather than maintaining COBRA coverage, you may give up your rights to coverage for pre-existing conditions or guaranteed health insurance in the future.

Who's eligible for Short Term Medical?

- Healthy individuals between the ages of 30 days and 64 years, 11 months who answer "no" to all questions.
- Dependent children under age 18* (age 24 if a full-time student) may be covered as dependents on a parent's plan

* For residents of CO, IA, ME, MN, MT, TX, and VA: under the age of 25 regardless of student status.

* For residents of IN & TN: under the age of 24 regardless of student status.

* For residents of ND: under the age of 22 (age 25 if full-time student).

* For residents of DC, NH, OK & UT: under the age of 26 regardless of student status.

* For residents of SD: under the age of 19 (age 24 if full-time student).

Designing your plan

Your Short Term Medical plan design is based on three things:

- deductible
- length of time you need coverage
- coinsurance

Decide on the deductible right for you.

Consider the tradeoff when choosing:

- A lower deductible means you'll pay higher premiums (the amount you pay for your health coverage) but less out of pocket if you get sick or injured.
- A higher deductible means lower premiums but a greater initial sum out of pocket if you get sick or injured.

To decide how long you need health coverage, consider your needs.

If you pay by the month, simply stop paying when you secure permanent health insurance.

If you already know how long you'll need coverage, you can **save 20% on your premium** by making a single, up-front payment. Premium refunds are not available when making a single payment. Your payment is due when you enroll.

Short Term Medical Benefits

With Short Term Medical, you get the following valuable benefits for unexpected illnesses and injuries. More details will appear in your enrollment kit. **Coverage starts as early as the next day!**

Pre-existing condition information

Short Term Medical plans provide coverage for unexpected illnesses and injuries, meaning they do not cover pre-existing conditions. While the definition of “pre-existing condition” varies by state, in general it is a condition that has been diagnosed or treated, or for which you experienced signs or symptoms, during the 5 years immediately prior to the Short Term Medical effective date.*

If you need your insurance plan to cover treatment of an existing medical condition, consider extending your current plan to fill your gap in coverage. Employer-sponsored insurance can be extended under a government-regulated option called COBRA.

Because Short Term Medical is designed to cover the unexpected, it does not provide coverage for preventive care, physicals, dental care, or vision care.

*Please see pages 8-10 for your state’s pre-existing definition.

Benefits are paid as follows:

FIRST	You pay the deductible.		
	100%/0%	80%/20% coinsurance	50%/50% coinsurance
THEN		You pay 20% of the next \$10,000 in covered charges.	You pay 50% of the next \$10,000 in covered charges.
THEREAFTER	Assurant Health pays 100% of remaining covered charges. The plan maximum of \$2 million for each covered person.		

When does coverage begin?

Your coverage will begin at 12:01 a.m. on your approved effective date, provided the enrollment form received is complete,* meets the requirements for acceptance, and includes the full initial premium. Your requested effective date must be within 45 days of the date you signed the enrollment form.

* Enrollment forms that do not meet eligibility requirements will be returned to the applicant or agent. Incomplete enrollment forms may be returned and/or re-dated by Assurant Health.

Two convenient payment options

Paying for your Short Term Medical plan is easy with these two convenient payment options:

- Single payment option: save 20% on your premium if you know the exact number of days you need coverage. The minimum plan duration you may apply for is 30 days, the maximum is 180 days. No refunds are available after the 10-day free look period.†
- Monthly payment option: ideal if you are unsure how long you’ll need coverage. This “pay as you go” option gives you the flexibility to continue coverage for as long as you need—simply stop paying and discontinue the plan once you secure permanent insurance.

For FL, MD, MI, PA, VA and WI residents only

When you purchase Short Term Medical insurance, you are enrolled in Health Advocates Alliance, an association dedicated to the health and well-being of its members. Membership benefits include access to a 24-hour nurse helpline and discounts on vitamins and LensCrafters® purchases.

Premium refunds

If you are not 100 percent satisfied with the plan, simply call and cancel your coverage within 10 days of delivery for a premium refund. No questions asked! After the 10-day free look period, premiums are not refundable.† The one-time application fee is not refundable at any time.

†Not applicable to residents of FL, GA, ID, KS, KY, MI, OH, SC and TX.

Reduce your medical costs*

You may be able to reduce your medical bills by using the doctors and hospitals participating in the PHCS Healthy Directions provider network. Simply call or go online to see if your doctor or hospital is part of PHCS Healthy Directions:

800.357.6847 • www.phcs.com

* Not applicable in RI.

Purchasing an additional plan

When your plan expires, you may be eligible for another plan depending on how long you have been covered by Short Term Medical plans. Short Term Medical is temporary coverage so plans cannot be renewed like permanent insurance. However, when your plan expires, you may apply for another plan if you have not had a total of more than 730 days of short-term coverage without a 64-day coverage gap*. If you are issued a new Short Term Medical plan, the new plan will not provide benefits for any conditions or symptoms that existed during the previous plan. Keep in mind that short term plans are not meant to be a substitute for permanent health insurance coverage. An Assurant Health Individual Medical plan may be a better option.

*Varies by state

More solutions to suit your needs

- **Ideal companions — STM and HSA**

Many of our STM plans, including all plans with 100% coinsurance and deductibles of \$2,500 and higher are compatible with Health Savings Accounts (HSAs). That means you don't have to wait for an individual medical or group plan to build health expense savings the smart way. HSAs are completely portable - an HSA goes with you when you move to any qualified health plan.

- **Protection longer than six months**

When your needs are longer than 180 days, Assurant Health has you covered. We have a portfolio of individual health plans with broad coverage options. Plans are designed with features that can help you save on your overall health care costs and on your premium. That makes it easier to find a plan with benefits that mean the most to you at a price you can afford.

Your rates are guaranteed for the policy term

The premium you are quoted at the time of application will not change for the term of the policy. You can get a Short Term Medical plan for up to six months. If you purchase a plan for six months and pay monthly, the rate you are quoted when you apply is the same rate you'll pay each month the plan is in force.

Factors considered in the calculation of your premium

Our rating procedures are designed to treat you fairly and consistently with individuals similar to you. We comply with the guidelines set forth by your state. The premium rate you pay depends primarily on the specific benefit plan you have selected and your individual factors.

Factors include:

- Age of you and your spouse (if applicable)
- Number of dependents
- Geographic location
- Payment frequency (single payment or monthly payments)
- Length of coverage

Your coverage will not be terminated for filing claims

Our practice is not to terminate any covered person based on his or her claims experience. Policy termination will only occur when one of the following conditions exist:

- Non-payment of premium at the time it is due
- Evidence of fraud or an intentional misrepresentation of a material fact

Renewal provisions

Short Term Medical is a temporary coverage option, so plans cannot be renewed like permanent insurance. However, when your plan expires, you may apply for another plan if you have not had in total more than 540 days of short-term coverage within the preceding 24-month period.

Coverage for unexpected illness and injury

Because Short Term Medical protects you against the cost of unexpected illnesses or accidents, it does not provide coverage for any injuries or medical conditions that existed before the effective date of coverage. Please refer to your insurance policy for a full description of a pre-existing condition.

A full description of the policy exclusions, reductions and exceptions can be found in the insurance policy and on the state-specific supplements. This information is also available online at assuranthealth.com on the Short Term Medical page, or by viewing Plan Details when you get an online quote.

These practices reflect our commitment to provide you with the highest quality of coverage at an affordable premium, and are in compliance with the state of New Hampshire.
