

Connect Lite

Underwritten by Independence American Insurance Company, (IAIC), a member of The IHC Group. For more information about IAIC and the IHC Group, visit www.ihcgroup.com. This product is not considered to be Minimum Essential Coverage as defined by the Patient Protection and Affordable Care Act (ACA). This product is administered by The Loomis Company.

When circumstances leave you temporarily uninsured, the Connect Lite short-term medical insurance plan helps protect you during coverage gaps.

Connect Lite offers short-term medical coverage with an affordable premium, achieved through carefully selected benefit limitations. Coverage is available in most states for 30 to 90 days.

Short-term medical insurance is not a substitute for a major medical plan that meets the minimum essential coverage levels as defined by the Patient Protection and Affordable Care Act, also known as ACA. It can, however, offer financial protection in the event of an unexpected injury or illness while you are waiting for coverage to begin under an ACA-compliant plan.

Why short term medical insurance?

When you are temporarily between major medical policies, short-term plans provide benefits to help pay for unexpected healthcare. Covered expenses may include emergency room treatment, hospital stays, surgery, intensive care and more.

Missed open enrollment

If you have missed the opportunity to secure coverage during the open enrollment period, you may be ineligible to buy a major medical policy until the next open enrollment period, unless you have a qualifying event.

Newly hired

Often, an employer-sponsored plan includes a waiting period before health insurance benefits begin.

Waiting for an ACA plan

Many plans on the Health Insurance Exchange offer only one effective date, the first of the month. Depending on when you submit your application, you may have to wait up to 45 days for your coverage to begin.

The maximum coverage period varies by state.

Plan selections

All benefits listed apply per covered person, per coverage period. Refer to the descriptions below the chart for additional benefit details.

Office visit copay The copay applies to the first covered office visit during the policy period. After the copay, the balance of the doctor office visit charge is covered at 100 percent. Additional covered expenses incurred during the office visit, including expenses for laboratory and diagnostic tests will be subject to plan deductible and coinsurance.	\$50 copay
Deductible The selected deductible must be paid by the covered person before coinsurance benefits begin. Family deductible maximum: Three times the individual deductible amount	<ul style="list-style-type: none">• \$1,000• \$2,500• \$5,000• \$7,500• \$10,000
Coinsurance percentage and out-of-pocket After the deductible has been met, you pay the percentage of covered expenses until the out-of-pocket amount has been reached. The Connect Lite plan covers the remaining percentage of covered expenses up to the maximum benefit. The out-of-pocket amount is specific to expenses applied to coinsurance; it does not include the deductible.	20% coinsurance <u>Out-of-pocket</u> <ul style="list-style-type: none">• \$4,000
Maximum benefit	\$1,000,000

Family deductible

When three covered persons in a family each satisfy their deductible, the deductibles for any remaining covered family members are deemed satisfied for the remainder of the coverage period.

Coinsurance percentage and out-of-pocket

Once the deductible and coinsurance out-of-pocket amounts have been paid, additional covered charges within the coverage period are paid at 100 percent, up to the maximum benefit amount. Benefit-specific maximums may apply. The coinsurance out-of-pocket does not include any precertification penalty amounts or expenses not covered by the plan.

Payments to suit your situation

Connect Lite offers monthly premium payments using credit card or automatic bank withdrawal.

Covered expenses

All benefits, except office visits applied to the copay, are subject to the selected plan deductible and coinsurance. Covered expenses are limited by the usual and reasonable charge as well as any benefit-specific maximum. If a benefit-specific maximum does not apply to the covered expense, benefits are limited by the coverage period maximum. Benefits may vary based on your state of residence.

Covered expenses include treatment, services and supplies for:

- Physician services for treatment and diagnosis
- Emergency room up to \$500 per day
- Office visits not paid through a copay will be subject to deductible and coinsurance, up to a maximum benefit of \$1,000 per covered person
- Outpatient hospital surgery or ambulatory surgical center charges up to \$1,000 per day
- Surgeon services in the hospital or ambulatory surgical center up to \$2,500 per surgery
- Services when a doctor administers anesthetics up to 20 percent of the primary surgeon's covered charges
- Assistant surgeon services up to 20 percent of the primary surgeon's covered charges
- Surgeon's assistant services up to 15 percent of the primary surgeon's covered charges
- Covered expenses incurred for surgeon services, doctor administering anesthetics, assistant surgeon and surgeon's assistant are limited to a combined maximum benefit of \$2,500 per surgery, not to exceed \$5,000 per coverage period
- Ground or air ambulance services up to \$250 per occurrence
- Organ, tissue, or bone marrow transplants up to \$150,000 per coverage period
- Acquired Immune Deficiency Syndrome (AIDS) up to \$10,000 per coverage period
- Blood or blood plasma and their administration, if not replaced
- Mammography, Pap smear and prostate antigen test (covered at specific age intervals; not subject to deductible)
- X-ray exams, laboratory tests and analysis
- Oxygen, casts, non-dental splints, crutches, non-orthodontic braces, radiation and chemotherapy services and equipment rental

Inpatient covered expenses:

- Hospital room, board and general nursing care up to the amount billed for a semi-private room or 90 percent of the private room billed amount, up to \$5,000 per day
- Intensive care or specialized care unit up to three times the amount billed for a semi-private room or three times 90 percent the private room billed amount, up to \$6,250 per day
- Inpatient doctor visits up to \$500 per confinement
- Prescription drugs administered while hospital confined

Eligibility

Connect Lite is available to the primary applicant from age 18 to 64, his or her spouse age 18 to 64 and dependent children under the age of 26. A child-only plan is available for children age 2 up to age 18.

Right to return period

If you are not completely satisfied with this coverage and have not filed a claim, you may return the Policy within 10 days and receive a premium refund.

Utilize a network provider and save

With your Connect Lite short-term medical plan, you have the freedom to choose any provider. In certain markets, you also have access to discounted medical services through national preferred provider organizations (PPOs). These network providers have agreed to negotiated prices for their services and supplies. While you have the flexibility to choose any healthcare provider, the discounts available through network providers for covered services may help to lower your out-of-pocket costs.

At the time of service, simply present your identification card, which will include the network information needed for the provider to correctly process covered billed charges.

Pre-existing condition limitation

Connect Lite will not provide benefits for any loss caused by or resulting from a pre-existing condition. A pre-existing condition is any medical condition or sickness for which medical advice, care, diagnosis, treatment, consultation or medication was recommended or received from a doctor within five years immediately preceding the covered person's effective date of coverage; or symptoms within the five years immediately prior to the coverage that would cause a reasonable person to seek diagnosis, care or treatment.

Usual and reasonable charge

The usual and reasonable charge for medical services or supplies is the lesser of:

a) the amount usually charged by the provider for the service or supply given; or b) the average charged for the service or supply in the locality in which it is received.

With respect to the treatment of medical services, usual and reasonable means treatment that is reasonable in relationship to the service or supply given and the severity of the condition. In reaching a determination as to what amount should be considered as usual and reasonable, we may use and subscribe to a industry reference source that collects data and makes it available to its member companies.

Precertification

Precertification is required prior to each inpatient confinement for injury or illness, including chemotherapy or radiation treatment at least seven days prior to receiving treatment. Emergency admissions must be precertified within 48 hours following the admission, or as soon as reasonably possible. Failure to complete precertification will result in a benefit reduction of 50 percent which would have otherwise been paid. Precertification is not a guarantee of benefits.

Continuing coverage

If your need for temporary health insurance continues, most states allow you to apply for another short-term medical plan. Your application is subject to eligibility, underwriting requirements and state availability of the coverage. The next coverage period is not a continuation of the previous period; it is a new plan with a new deductible, coinsurance and pre-existing condition limitation.

Coverage termination

Coverage ends on the earliest of the date: the premium is not paid when due; you enter full-time active duty in the armed forces; or Independence American Insurance Company determines intentional fraud or material misrepresentation has been made in filing a claim for benefits. A dependent's coverage ends on the earliest of the date: your coverage terminates; the dependent becomes eligible for Medicare; or the dependent ceases to be eligible.

Exclusions

The Policy does not provide any benefits for the following expenses:

These products are not qualifying health coverage (“Minimum Essential Coverage”) that satisfies the health coverage requirement of the Affordable Care Act. If you don’t have Minimum Essential Coverage, you may owe an additional payment with your taxes. The termination or loss of this policy does not entitle you to a special enrollment period to purchase a health benefit plan that qualifies as minimum essential coverage outside of an open enrollment period. These products may include a pre-existing condition exclusion provision.

Short-term medical expense coverage under the Connect Lite plan is not available in all states.

This brochure provides a very brief description of the important features of the Connect Lite plan. This brochure is not a policy and only the actual policy provisions will control. The policy itself sets forth in detail the rights and obligations of both the policyholder and the insurance company. It is, therefore, important that you READ THE POLICY CAREFULLY.
