

# **Blue View Vision**

# Convenience, choice and savings – right before your eyes

Did you know that many eye diseases show no warning symptoms? So you may not even know your vision is at risk unless you see an eye doctor. That's why vision plans are so important. Our stand-alone Blue View Vision<sup>SM</sup> plans cover most of the cost of your yearly eye exams and help pay for your glasses, contact lenses and other eyewear.

#### A big network means lots of choices

Our broad provider network makes it easy to find a doctor or eye-care retailer near your home or work.1

## Discounts that keep your costs down

Saving money is important, so our deep discounts help keep your out-of-pocket costs as low as possible.<sup>2</sup>

extra eyewear

**40% off 20% off** other noncovered items even accessories

You also get discounts on premiere lens options and for no extra cost, add-ons like factory scratch coating for lenses and Transitions<sup>®</sup> or polycarbonate lenses for kids under 19.

## Regular eye checkups are about more than seeing 20/20

Eye exams not only detect eye disease, but can also reveal early warning signs of conditions like diabetes, high blood pressure and heart disease. So get regular eye exams at every age.
